Dear Bob,

All day I was thinking of you and when I went home from work, what a wonderful surprise to find your nice letter.

Thank you for your recent letter.

I'm very glad to hear your breeding so many birds, as for myself I sold nearly  $\frac{3}{4}$  of all my birds and only have about 15 pairs left.

I sold all my hungarians to a man in New York State.

Regarding "Canker" I had it in my loft a few years ago. I killed the birds and had no trouble since.

2.

My father been raising pigeons for many years - he started with homers. I don't care too much for large breeds -

He has a good stud of good show birds - worth quite alot. The colors he has are red, black blue, and white. One of his black's won (best) best one among 50 in California. He was offered a lot of money for it - but refused.

The Show king breeding season was a bad one.

almost all King fanciers are complaining.

The other day I went to the cemetery and got three large bags of pine needles.

I spread all the pine needles on

the floors of my loft.

Not only does it keep the floor dry, kills insects, and smells so good.

What do you use for litter on the floors of your lofts?

Have you run across any crested fantails -

Well if you ever do -

you know I'll buy them for top price.

Regarding the pennies, I misplaced them. However send the total bill and I'll send you the full amount due.

O.K.

I for got how many pennies you sent me.

Well since the A.P.S.  
printed my story which I  
wrote last year -

I've been getting letters  
of by the hundreds - really -  
I've been quite busy  
writing and answering  
letters - Well the best of  
luck to you.

You are one of the nicest  
persons I ever heard from.  
Write again soon.

Your Friend,  
Tony

P.S.

your type very good, also  
your letters are quite  
sensational.

Keep Writing  
Have any thing to sell  
let me know.

BARNUM FEST  
BRIDGEPORT,  
JUN 28 THRU JUL

Dear Sir:

June 26, 1959

Your letter received. The enclosed feather is from a dun. It looks as though your dun has yellow in it because there is a tinge of yellow at the end of the feather. You can breed a dun with black, yellow, or red, preferably black and yellow. Duns, either solid, or dun saddles, isn't too popular a color in fantails because there is no color class for duns. Duns have to be shown in the Any other Color (A.O.C.) class. If you have an exceptional dun that has some desirable qualities, it is good to breed it in with the other colors and use the standard colored birds you raise. I'm presently using a solid colored dun (a very good bird I raised last year) with my solid blacks. To date I've gotten all solid blacks from her.

(over)

7  
At the present time, I don't have a dun saddle  
cock for you. I don't know what the sex is of my  
young birds and they would be too young any  
how to breed. I do however, have an odd  
yellow saddle cock that you could use. He is  
a good stock bird for breeding. He has some  
foul feathers on his body but has some  
desirable qualities for breeding. He was bred  
last year. If you think you can use him  
you can have him for \$6.<sup>00</sup>.

To answer your questions: you do not  
have to be a member to show with the Eastern  
Fantail Club. However, if you are a non-  
member and win the Champion Fantail  
you wouldn't be able to take the Club prize  
for Champion. The same is also true for  
the novice prizes. All new members are  
eligible for these prizes.

3/ you can't show a bird at the Club meet with any band other than a recognized seamless band such as A.P.C., N.P.A. or U.P.F. It's not fair for any fancier to have any distinguishing characteristics on his birds. A record band would fall into that category.

We'd be glad to have you show with us. Our young bird meet (young birds only) will be the last Sunday in August in conjunction with the Reading Lawn Show.

Strawbridge or I, can give you details if you are interested. This is a one day show. The Club meet will be several days.

Hope you bred some good ones this year. I currently have 140 banded and will stop when I reach the 200 mark.

yours truly,  
Bob Kinginger

Monday Morning

Dear Bab,

My, my, what a thoughtful boy  
you were to remember Ma's birthday.  
Was I ever surprised, to get the  
Card and money and then to find  
the Cake and Candles. I didn't think  
anyone remembered - no ~~one~~ <sup>one</sup> said  
a word and you were all so busy  
packing and unpacking your trunks  
We ate some of the Cake yesterday.  
It is very good. The only thing is -  
Is am 15 not 16 or 17.!!!!

It sure is warm - good swimming  
weather. Be very careful while you  
are in the water, there were three  
drownings over the weekend, two  
at Chapman Lake and one at Lake  
Wallenpaupack.

many many Thanks for my "birthday"  
Have a good time,

Love  
Mom

Dear Bob:-

Don't know how much help I can be to you.

First off old pigeon bands have no value to us so they have no redemption value.

Secondly we do not have any but the current years bands on hand so can not supply any 1957 bands for the pouters or muffed tumblers.

On bands received bent in the mail it is normally quite an easy task to straighten them by forcing them over an ordinary lead pencil and rolling them around while on the pencil on a hard surface. They are made of aluminum and so quite soft.

Good luck with your pigeons.

Sincerely,

**Pigeon fanciers Emily and Walter Kubalak**  
... watching one of their birds take to the air

## Pigeons Are Pastime With Kubalak Family

**JOIN 'EM**—"If you can't beat them, join them. If you can't join them, join their auxiliary."

That was the attitude Mrs. Florence Kubalak and her daughter, Emily, took when her husband Walter decided to return to his hobby of raising racing pigeons five years ago.

"We were tired of being widowed during the summer months while the head of the house spent all his time in the pigeon coop or out on the road racing his pets," Mrs. Kubalak said. "Emily and I joined the auxiliary of the American Racing Pigeon Assn. in order to feel a part of his work."

Kubalak, a 57-year-old retail salesman for Sealtest Inc. Beale Dairy, 20 Mesmer Ave., has been raising pigeons since 1906 when he spent summers on his grandfather's farm. He began racing them at the close of World War I but discontinued the hobby when he became ill in 1941.

**RACERS**—The home-made coop above the garage of the Kubalak home, 58 St. Mary's Rd., houses 76 thoroughbred pigeons including 40 young bird racers and 18 pair of mating pigeons. Kubalak said he could trace some pigeons back 20 generations.

The Racing Assn., whose Buffalo headquarters is at 279 Guilford St., has divided the racing sections into two main categories. The old bird group, for pigeons over three years old, is used in the 400, 500, and 600 mile races. The young bird group, Kubalak's specialty, competes in races up to 300 miles.

He has had several winners but he has never had the time or money to breed a consistent line of champions. His son Richard, who lives in Arlington, Va., never did become interested in the sport.

**DERBY RACE**—According to Kubalak, racing pigeons have lost the popular appeal they once had.

"Buffalo, at the turn of the century," he said, "was recognized as a national center for the 600 mile race, the Kentucky Derby of the sport."

In Europe, the sport still retains its appeal. In Belgium, for instance, pigeon racing is considered the national pastime, just as baseball is in this country. The bird itself has had an heroic background because of the activity in the two world wars as a communications carrier.

"A pigeon can fly nearly 40 miles an hour and its speed

increases with the slightest tail wind," he said. "For speed, the yearling is your best bird but give me a three-year-old for long-distance endurance." At present, he is preparing for the racing season which begins in early August and ends in late September.

**BIRD WIDOW**—Mrs. Kubalak said, "You might as well consider me a widow now that the season is almost here. He's either training them from the let-out point on Union and Walden or up in the coop feeding his harem." Kubalak spends about \$150 on upkeep, special feed and racing fees. He figures success in this hobby is not a matter of dollars and cents but on ability to deal with these birds as individuals.

"Pigeons remind me of humans to a great extent," he said. "They are as curious as a baby. I remember one day when one pigeon noticed something on a neighbor's roof. Before a minute was gone, the entire coop had gone up there to see what was so interesting."

The biggest headache a pigeon-breeder can have is a "Don Juan" pigeon.

**SIDETRACKED**—"They have the makings of real winners," he said, but they get sidetracked for short visits during the races. They'll be out on a two-mile training run and they'll take six or seven extra hours to get back."

He said the only thing you can do with a feeble, injured or useless pigeon is take its life. "You can't let your emotions rule good sense in this business."

Its popularity has gained momentum on the West Coast but Pittsburgh remains the capital city of the sport.

The races are interesting. A truck carries 4,000 to 5,000 birds on a weekend and then lets them out at a designated point. The bird arriving in its home loft in the best handicap time is proclaimed the winner.

**TROPHY**—It is customary to give the winning bird a formal name and the owner a trophy and purse. The name takes the place of a number each bird receives ten days after its birth.

Emily will be in charge of auxiliary sessions at the forthcoming national convention of the American Racing Pigeon Assn. in October at the Hotel Statler Hilton. She has kept herself and her mother busy with the arrangements while dad races his pigeons.

Alltoca, Pa.

Dear Mr. Powell,

July 28, 1959

I generally answer my correspondence weekends but at this time of the year there is a lawn show every Sunday. Therefore my letter writing suffers. This past Sunday was York's Show. I took it for best fantail with a young black. About 30 birds were shown.

How about showing with us here at Reading the last Sunday in August (August 30<sup>th</sup>). Show is at the Reading Fair Grounds. It's the Eastern Fantail Clubs young bird meet. Last year we had about 70 fantails. Should have more this year. If you want an entry blank let me know, and I'll see to it that you get one. There are 3 trophies for Fantails. (over)

To answer your questions:

- #1. Sounds like your black hens are actually kites. The kite color is hard to get rid of if you continue to mate it with black especially. Looks to me if you got some pretty good reds <sup>out</sup> of the black Cock and Kite hen matings and you might get a pretty good start in reds if you put your best young red cocks back to your best kite hens.
- #2. Don't mate your saddle to a solid colored bird unless you don't care about losing the saddle marking. When I said mate it to a black, yellow, or red, preferably the two former, I meant black, yellow or red saddles.
- #3. I think I answered this question under #1. If there is yellow in your birds background you may get some yellow by putting the reds back to the kite hens. How is your red color? You'll probably lose the white in the tail if you put the red cocks to the ~~black~~ kite hens.

Hope I answered your questions for you.

Sincerely  
R. L. Kinginger

Longview Ill July 30-08  
Mr. Powell

I have sold all my surplus fantails for now. I will probably again have some to spare about Feb. if you are still interested then I would be glad to hear from you, and will try to please you.

Fantails are my hobby I have them in fourteen colors but breed from only a few pairs in each color. My breeding stock is from the better breeders of fantails, breeders that show and win at the best shows.

I have about 39 prof breeders mated for this yr and have about 125-85 young and ad.

I sell the solid color at 5.00 this yr the two tones at 8.00 for the better marked and 5.00 for some that are not so well marked. I have tail marks in blue and blood.

and body marks (colored body white tails) in  
black <sup>and</sup> saddles in red, blue, yellow, black  
I may have just what you want better  
I thank you for your inquiry.

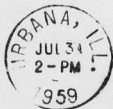

Sincerely

Louis Stube

Hi Bob,

Sorry I didn't write, but have been busy; working, helping to add, a new section of coop for my fancy pouters, and just loafing. You can look at the picture to get an idea what my coop looks like. This picture was taken before the coop was finished. When I get time I will really get some pictures taken of the coop; inside and out.

The other pictures are:  
a white pouter, (1958) bird, - white fantail, 1958 bird, blue fantail, 1957.  
I have had the best fans around the Pittsburgh area for 2 years. but a new member has joined the club and I have been told he has the best pair of whites fans around. I guess I'll find out at the show. I took best fan the last (2) two years at the "Western Penn. Pigeon Meet". I caught best german pouter too. (1958)  
If you show your birds, let me know how you do, I'll do the same.

Show up here is Sept 5-7.

If you have them fans  
and have a picture to spare, I would  
like to see it, especially the Syrian  
fans.

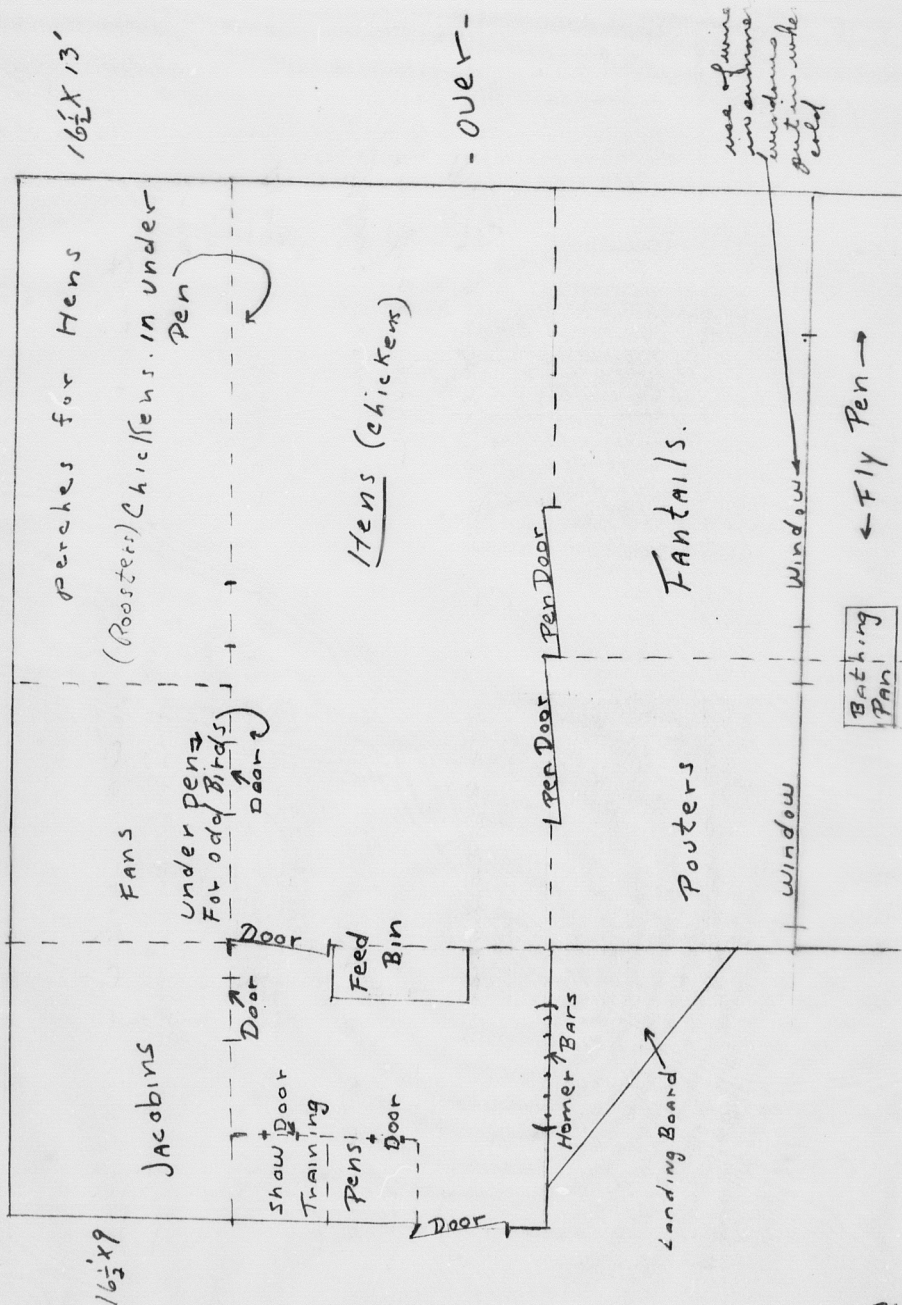

Let me hear from you soon.

Bob McKee

P.S. Hope you can understand  
that channing.

I never trim my pointers  
muffs - not even my fantail  
tails!

## ANNUAL EASTERN FANTAIL CLUB MEET

Robert R. Kingkinger - Publicity

The Annual Eastern Fantail Club Meet was held in conjunction with the Baltimore Pigeon Show, January 17th, 18th and 19th, 1958. Approximately 130 fantails were shown -- a little ~~smaller~~ entry than expected, but quality-wise, a good show.

~~This year the~~ membership voted to add two new classes into competition, that of yearling cock and yearling hen in white classes only.

Judges Clint Wiber and Bob Kingkinger passed on the birds and completed judging of all classes the same day as started. This was made possible because of the cooperation of the exhibitors in getting down to the showroom early the day of judging. We, of the Eastern Fantail Club, want to thank Mr. & Mrs. Bolton, two of our Midwest members, for taking the time and effort to show with us.

At this Show, George Thompson placed with second of his birds which puts him out of the novice class and into the professional class.

Harry Munday is certainly to be congratulated on his many placements with a fine string of birds. With one or two exceptions, Harry could duplicate any of these wins with other birds he let at home. There are a lot of good birds in this loft.

The membership seemed to like the trophy method of awards and wanted to repeat with the same idea at next year's meet.

Glad to see Elisha Hanson back in the exhibitor's category.

WHITE CLASSES as usual, were the largest. Wolf Dettmer placed first in the old cock class and Archer second. Dettmer's old hen placed first and Archer second in this class. Yearling cock class went to Munday and yearling hen class to Munday. Young white cocks were a tough class to judge. After the first birds, the next five were very close. Munday placed first and Dettmer second. Young hens, Dettmer first and Bolton second.

Dettmer old white cock placed best old white. Munday's yearling cock best yearling and Munday's young white cock best young white and best white. This young white cock is a dream with a good body and legs and plenty of top tail.

BLACKS were smaller in number than in the past. Hanson placed first old cock, Munday first old hen, Munday first young cock and first young hen. Munday's young cock went on to win best black.

BLUES a very strong class this year, saw Hanson, Munday, Archer, Thompson, and Kingkinger battling it out.

Old Blue Cocks Munday placed first, Kingkinger second and third, Hanson fourth.

Young Blue Cocks, a large class, Munday first, Hanson second and third, Kingkinger fourth.

Young Blue Hens, another large class, Munday first, Archer second, Kingkinger third and Thompson fourth.

Munday's old Blue Cock was best old blue and his young cock best young Blue and best blue. A nice small bird evenly balanced and an outstanding bird.

SILVERS Also few in number -

Old Cocks - first and second, Hanson

Old Hens - first Munday also best old silver with this bird.

Young Cocks - first and second, Hanson

Young Hens - first and also best silver, Munday.

POWDERED SILVERS Excellent competition between Munday, Bolton and Sol Kogan. Kogan has come a long way with some excellent birds this year.

Old Cocks - first Munday, second Bolton, third, Kogan.  
Old Hens - first Kogan, second Bolton.  
Young Cock - first Kogan.  
Young Hens - first and best young powdered silver, Kogan, 2nd Bolton.

Munday's old cock nosed out Kogan's young hen to win best Powdered Silver. The old cock bird was one of the outstanding birds shown.

REDS were very strong this year with Strawbridge, Wilber, Archer and Munday the exhibitors in this color.

Old Red Cocks - first, Strawbridge, second, Munday.  
Old Red Hens - first Munday, second Strawbridge.  
Young Red Cocks - first Munday, second Archer.  
Young Red Hens - first Strawbridge, second Munday.  
Best old Red, Munday's old hen. Best Young Red and best Red, Strawbridge's Young Hen. This is a nice bird. Low in legs, good color, good body and tail. A very good Red.

YELLOWs Very few in number this year.

First old cock - Archer, second Wilber.  
First young Hen Thompson, second Wilber.  
Best yellow, Thompson's young hen.

#### SADDLE CLASSES

RED SADDLES First old cock - Archer  
First old hen and best old Red Saddle, Munday  
First young cock Munday, second Archer  
First young hen Strawbridge, second Archer  
Munday's young cock took best young and best red saddle.

BLACK SADDLES First old cock - Thompson  
First old hen - Munday and Best old, second Wilber  
First young cock Munday  
First young hen Thompson and best young, second Archer  
Thompson's young hen best Black Saddle. A nice small bird, good legs and body, but lacks tail.

BLUE SADDLES The largest saddle class this year.

Old Cocks - first Strawbridge, second Munday, third Kingkinger  
Old Hens - first Munday and best old, second Strawbridge.  
Young Cocks - first Kingkinger, second Strawbridge  
Young Hens - first and best young Kingkinger, second Strawbridge

Best Blue Saddle - Kingkinger's young hen, a small well marked bird with good color, posed perfectly. This bird placed as best young saddle, all saddle colors competing.

SILVER SADDLES Only two old birds shown by Munday. The old cock, a grand bird, tops for quite a few years, went on to win champion saddle.

YELLOW SADDLES Only three shown this year but understand some fanciers are working on this color, so hope that the next few shows will see an increase. Wilber first old hen, Archer first young cock and best yellow saddle, Thompson first young hen.

ANY OTHER COLOR Thompson showed two birds in this class. His young cock the best of the two.

When the smoke cleared, the following exhibitors placed as follows:

Champion Old Cock - Dettner's white  
Champion Old Hen - Kogan's Powdered Silver  
Champion Young Cock - Munday's Blue  
Champion Young Hen - Munday's Blue  
Champion Saddle - Munday's Silver Saddle old Cock  
Reserve Champion - Munday's Young Blue Hen  
Champion Fantail - Munday's Young Blue Cock

Truly a field day for Harry Munday.

All members are looking forward to our young bird meet and are hoping for several outstanding early youngsters.

...See you the last Sunday in August at the Young Bird Show in Reading.

\* \* \*

FREDDIE FANTAIL SAYS . . . .

Enjoyed meeting with the old members and some new fanciers, but missed some of the old reliables. Mrs. Dora Archer was having a bout with the flu, Sol Kogan having a tussle with arthritis, and George Rinsland having trouble with his leg. Hope all have recovered and are enjoying good health by the time they read this.

The lady operating the elevator thought Harry Munday should have given her one of the trophies -- he had so many.

The futurity band judging found a red owned by Strawbridge taking first, a powder silver of Kogans, 2nd, and a blue of Kingkinger winning 3rd.

The Elliott Metz special for champion saddle went to Harry Munday with his old silver saddle cock. The Metz special for best young saddle went to a young blue saddle hen of Kingkinger's. Kingkinger also got his first leg on the Ostrander trophy for best young saddle.

Officers were elected as follows:

President - Harry Munday  
1st V. Pres. - Robt. Kingkinger

2nd V. Pres. - Charles Archer  
Sec. & Treas. - Forrest Strawbridge

Rules for the 1958 futurity as follows:

Each member may nominate from one to five 1958 band numbers. Send your band numbers and \$1.00 for each band you nominate to me no later than April 1, 1958. Remember, 50% of the money collected goes to the club treasury, 25% goes to 1st, 15% to second, 10% to third.

The 1958 young bird show will again be held at Reading, Pa. the last Sunday in August.

Karl Otto wasn't showing any birds, but he was there helping all fanciers set their birds down. Many thanks to Karl.

Last, but not least, Bob Kingkinger and Clint Wilber gave us another fine job of judging. This is a thankless job, and we are fortunate that we can find men with the ability and willingness to do the job. A vote of thanks to both men.

Forrest W. Strawbridge, Secretary

P.S. Any member wishing to send dues (\$3.00) or contributions may send them to the Secretary at 2129 Lincoln Ave., West Lawn, Pa.

EASTERN FANTAIL CLUB - YOUR BIRD SHOW - 1958

By Robert R. Kingkinger, Publicity Director

Members gathered Sunday, August 31st for the Annual week of the Eastern Fantail Club. The Reading Pigeon & Bantam Assoc. was host at the Reading Fair Poultry Building. Sixty-two Fantails were shown—all solid colors and all saddle colors except silvers being represented. Dr. Cheney judged solid colors, Ray Ostrander Saddles, and Bob Kingkinger whites.

White classes, as usual comprised a large percentage of the entries. There were sixteen young hens shown and twelve white cocks. Competition was keen. In young hens, Mr. & Mrs. Archer placed first with a nice young bird with baby feathers. This bird should go placed when matured. Ostrander was a close second.

Dettmer took first and second in the young white cock class with two birds that looked very much alike. The first place winner had a very small body and nice legs for a cock. It lacked in tail, however, due to moulting. This bird is a steady shower and never once let up on the job.

Dettmer's cock nosed out the Archer's hen to take best white. The cock showed very steady never once letting up. The hen wouldn't get her head down as she should have to show off to her best advantage.

Blues saw six young cocks and two young hens shown. Kingkinger took first and second young cocks. Both birds had large tails and baby plumage. They should improve considerably with maturity.

Reed Kinser placed first and second young blue hens. Kingkinger's young cock took it for best blue. Mundy's entry in the cock class had a huge tail and small body but unfortunately wouldn't show.

\_\_\_\_\_ were next in number and Scotty Hemphill of Lancaster, Pa., a new member, placed over Strawbridge's entry. The winning red is a good bird, small for a red with good dig.

Silvers were two in number shown by Kingkinger. The first bird in this class went on to win best self-colored fantail all colors competing.

Powdered Silvers, also two in number, saw Kingkinger placing over Mary Martin's entry.

There being only one A.O.C., one yellow, and one black, it was decided they should all be put together into a class. The best was the yellow. This bird deep in moult, is a very good bird bred by Hemphill. Ostrander placed second with his A.O.C. entry.

Saddle classes saw Strawbridge, Mary Martin, Archer, and Kingkinger fighting it out.

In Blue Saddles, Kinginger placed first young cock and first young hen. Strawbridge placed second in each of these classes. Kinginger's Blue Saddle Cock won best Blue Saddle. This bird a trifle on the big side, but good color and marking showed every minute while in the walking pen. To quote Judge Ostrander, "the bird really knew what the walking pen was for". This same cock bird went on to win best saddle all colors competing.

In Yellow Saddles, Archer's Cock placed over Martin's hen for best yellow saddle. Kinginger was second in these classes. Archer's cock was lower in legs than some of the other birds shown but lacked somewhat in color.

Red Saddles-only two birds shown. The Archer's placed first. Their Strawberry Saddle also took first in the A.O.C. Saddle Class. This bird, a small one, should give the competition plenty of trouble in a few months.

The windup was Dettmer's young white cock as Champion Fantail for the day. Kinginger's Silver as Reserve Champion and Kinginger's Blue Saddle Champion Saddle. Each one of these winners received a beautiful engraved trophy and a Rosette for his efforts.

See you at the winter Club Meet.

1957

EASTERN FANTAIL CLUB - YOUNG BIRD SHOW

By Robert R. Kinginger (Publicity Director)

Twelve members of the Eastern Fantail Club, traveling from New York, New Jersey, Maryland, and Pennsylvania, exhibited and attended the Clubs Annual Young Bird Meet, held in conjunction with the Reading Pennsylvania Pigeon and Bantam Assoc. Lawn Show. There were a total of 72 young fantails exhibited (approximately 30 more birds than last year).

Most birds shown were in various stages of moult, however, several fanciers were fortunate enough to show finished birds.

Fortunately Clint Wilber made his appearance and tackled the man-size job of judging. Man-size is what it was because there were 15 young white cocks shown and 18 young white hens. Quality was tops, in fact, if this is a preview of our annual meet, things will really be humming in fantail alley. After all, that is what we want because a prize with very little or no competition leaves much to be desired.

From the looks of things Ray Ostrander had a very good breeding season. He was right up in there with his string of whites.

Charles Burkey is also to be commended on his young white hen. This bird placed second in a class of 18 giving its owner a nice win in really hot competition.

The Archer's are coming right along with some good whites. Glad to see Scotty Hemphill breaking into the ribbons.

The Champion Fantail trophy was retired by Wolf Dettmer with his young white hen. The Reserve Champion Fantail trophy was won by Harry Munday with his young blue hen.

In the white cock class Dettmer placed first with a really well-balanced bird just about what the standard calls for. This bird had more top tail and a larger tail than did the winning young white hen.

YOUNG WHITE HENS - Dettmer took the class with a small bird which was finished moulting. This bird was Champion Fantail for the day and will be a tough one to beat at the winter show. Second in this class went to Charles Burkey with a hen pretty hard in moult but still good enough to win over some other birds that were finished.

BLUE YOUNG COCKS - Hemphill took this class with a bird finished in body but still lacking a lot of tail feathers.

Harry Munday's young blue hen (also Reserve Champion) took this class. This bird has a huge tail and has the hard to get combination of a small body to go with it. This bird didn't show quite as well as it is capable of doing. The writer saw the same bird in Harry's loft where it really shows to its best advantage. Fellows, this bird will be tough to beat at the winter show.

Harry Munday took first young black cock and Scotty Hemphill first young black hen. Both these birds will improve after the moult. Dettmer's young black hen was a little too young for strong competition, but will be a good one in several months.

George Thompson broke into the ribbons with his young silver hen. This bird placed best silver in a class of four. George also showed the lone A.O.C. entry which was a small round checkered cock bird.

Red and yellow entries were few in number and the birds shown were all deep in moult. Strawbridge took best red and the Archers best yellow.

In the Red Saddle Classes the Archers young cock entry placed over Strawbridge's young small hen to take best Red Saddle.

319

Kingkinger's young blue saddle cock beat the hen to take best Blue Saddle. These birds also in moult will be better in several weeks.

The Archer's Black Saddle hen placed first in a class of four. This hen is very similar to the bird that was shown last year by the same exhibitors.

I thought Reed Kinzer would show some of his Powdered Silvers, but believe he is holding them in reserve for the winter club meet.

Let's have 100 entries at our next annual young bird show and at least 250 birds at our winter meet. We can do it because I saw enough good birds in various lofts which I visited that I believe if everybody would do their share, even a 500 entry would be possible.

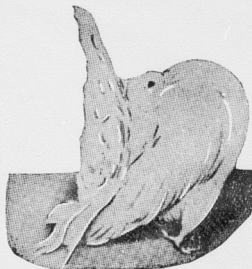

# Eastern Fantail Club of America

SINCE 1896

2129 LINCOLN AVENUE WEST LAWN, PA.

FORREST W. STRAWBRIDGE  
Secretary-Treasurer

I have received your letter requesting information about the Eastern Fantail Club of America.

The Eastern Fantail Club is the oldest fantail club in America, and was organized in July of 1896 in New York. The objects of the club are to promote and improve the culture of the fantail pigeon.

At the present time, the club conducts two shows each year. The first is a young bird show for birds banded with bands of the current year, and is held in late summer or early fall. This is a one day show which is staged in conjunction with some local club that is sponsoring a lawn show. The site of this show is determined by members attending the annual meet. The second and most important show is the annual meet. This meet is sometimes held in the late fall or in the winter of each year. The site and judges are selected by the members. At this show the club awards engraved trophies to the champion in each of the following colors: white, black, blue, red, yellow, silver, powder silver, A.O.C., black saddle, red saddle, blue saddle, yellow saddle and A.O.C. saddle. Also, an engraved trophy is provided for the grand-champion of the show. In addition, there are some cash specials offered by the club and other specials and trophies that may be given by the club members. Only members in good standing may compete for these awards.

The business meeting of the Eastern Fantail Club is conducted at the annual meet. Officers are elected for the coming year, and all business pertinent to the welfare of the club is discussed and decided.

Membership fee is \$3.00 annually. After receiving your dues the secretary will send you your E.F.C. pocket membership cards, a copy of the fantail standard as adopted by the club in 1958, and reports of the latest club shows which list classes and winners.

I hope you will decide to join our club. The E.F.C. is not only the oldest, but we think it is the finest fantail club in America.

Sincerely yours,

Forrest W. Strawbridge

Eastern Fantail Club of America

WINTER SHOW REPORT - 1959

by Robert Kingkinger  
Publicity

In accordance with the vote of the membership, the winter meet was held at Reed Kinzer's home at Lancaster, Pa., Dec. 14th and 15th, 1958. Thanks to Mr. & Mrs. Kinzer's wonderful hospitality, the membership enjoyed one of the nicest club meets to be held in recent years. There were approximately 152 birds shown, exclusively Fantails.

Judging got under way Saturday morning under the direction of Elisha Hanson. Mr. Hanson judged the entire show. All colors of selfs and saddles were judged Saturday, and the whites and specials judged Sunday morning. Mr. Hanson took particular care to see that each bird was set down to his liking. If he thought a feather needed twisting to make the bird show off to its best advantage, he attended to those details personally. It was a pleasure to watch him judge the birds. He is to be commended for an excellent job of judging.

Reserve Champion Fantail of the Show was Harry Munday's yearling white cock, this same bird was first young white cock at last years club meet. This bird is a dream-very close to the ideal Fantail. Other winners in the white classes were Dettmer's old hen placing over his old cock as best old white. The type of Dettmer's birds is changing somewhat, he showed several distinctively different types of birds in the white classes.

Munday took both yearling white classes. In the young white classes Dettmer's first young white cock beat Ostrander's first young white hen to place best young. Ostrander's entry in the young hen class was a small one with an unusual amount of top tail for a small bird. The Ostrander left has made great strides this past year. Some good birds were shown by this fancier.

BLACKS - In the black classes Dettmer's old hen nosed out Munday's old cock for best old and Dettmer's young hen placed over Munday's young cock for best young black. This latter bird was also best black.

BLUES - Blue Classes saw Kinzer, Hemphill, Munday, Martin and Kingkinger battling for the honors. To quote Judge Hanson, "the first three old blue cocks were just about alike and it was a toss up to pick the winner." Munday placed first and second and Kingkinger third. The first old cock was also Grand Champion Fantail and Best blue.

In the old Hen Class it was Munday first, and Kingkinger second and third.

In the young Blue Cock Class, Kinzer's entry was first, Kingkinger's second, and Munday's third.

Young blue Hens saw Munday placing first, Kinzer second, and Munday third. Kinzer's young cock was best young blue.

REDS - Dettmer's old Red Hen placed over Munday's old Red Cock for Best old Red. This bird was also best red. This is a good all-around red but lacks in color.

Strawbridge's young Hen placed over Munday's young Cock for best young red. Hanson commented that this bird should be a hard one to beat next year.

YELLOW - Scotty Hemphill's old Yellow Hen placed Champion yellow to beat Dettmer's young Yellow Hen which was best young yellow. Other entries in the yellow classes were shown by Strawbridge, Thompson, and Munday.

SILVERS - Munday's entry (old silver hen) placed over Kingkinger's first young cock and hen to place Best silver. Silver entries this year were smaller than usual.

POWDERED SILVERS - Quite a few powdered silvers were shown this year. Seems as though everybody was trying to get a leg on the Sol Kogan Memorial Trophy for Powdered Silvers.

Karl Otto came through to win the first leg on this trophy. His young hen placed over Ostrander's old cock (best old), Ostrander's old hen, and Kingkinger's young cock to win Best Powdered Silver. This bird was also best young hen in the Show. A real Fantail.

Saddles are steadily increasing in number and popularity, a really good representation being shown this year in all colors.

RED SADDLES - A young red saddle cock of Kingkinger's was best young red saddle, and Munday's cock bird was best old and best red saddle. Other exhibitors in the red saddle classes were Strawbridge, Thompson, and Knight.

BLACK SADDLES - Knight, Thompson, and Kingkinger fought it out in the Black Saddle Class. Kingkinger's old hen placed over Knight's old cock for best old. Kingkinger's young hen over Thompson's young cock for best young. The old hen, real good black color, placed over the young hen for best Black Saddle.

BLUE SADDLES - Strong quality in all classes of Blue Saddles, Munday's old cock placed over Kingkinger's entry. Strawbridge was third. Munday's old hen placed over Kingkinger's entry, Strawbridge also third in this class. Judge Hanson commented that the old hen class was "the best class of blue saddles seen in years". Munday's old Blue Saddle hen was Champion Saddle.

In the young classes, Kingkinger and Strawbridge were the lone exhibitors. Kingkinger's young cock was placed over his young hen as the best young blue saddle. This bird was also best young saddle.

YELLOW SADDLES - This color of saddles is certainly increasing in popularity. Four exhibitors showed a total of eight birds. Kingkinger's old

cock beat Halpin's old hen for best old. Kingkinger's young cock beat his young hen for best young yellow Saddle. Best Yellow Saddle was the old cock. This bird has a good tail, good type and color, but could be smaller in body.

SILVER SADDLES - Two in number, both shown by Munday. Munday's old silver saddle cock was best Saddle other than blue or red.

A.O.C. - In the A.O.C. Category, Kingkinger showed a dun and a dun Saddle. George Thompson showed a blue checked Saddle Cock. This Saddle was best young Saddle other than red or blue.

A truly delightful meet enjoyed by quite a few visitors other than Fantail fanciers, which was made possible because of the excellent publicity given to us by the Lancaster, Pa. newspapers.

Let's all support the Eastern Fantail Clubs young bird meet to be held in conjunction with the young bird show in Reading the last Sunday in August.

NEWS ITEMS

The standard draft sent out in September, has been approved by the club membership, and is now the official standard for the Eastern Fantail Club.

The next annual winter meet has been voted to return to the home of Reed W. Kinzer. Show dates are November 28 & 29 1959. Keep these dates open and plan now to show.

The young bird show will be at Reading, Pa. the last Sunday in August.

Any member wishing to sponsor a trophy or put up cash specials for the winter show next year should let the secretary know by the 30th of August 1959, so it can be included in the premium lists.

Last, but certainly not least, many thanks to Elisha Hanson for a fine job of judging the show.

The secretary would like to take this opportunity to wish all members a Happy New Year, and a very successful breeding season.

Sincerely yours,

Forrest W. Strawbridge  
 Secretary & Treasurer

Dear Friend:-

Have a few minutes  
so am answering your  
letter. I raise German and  
English pointers. I do not  
claim to have the best. But,  
I do have some real nice  
English in Reds and yellow  
nice big globes also some good  
Germans in Black + red. I will  
not have any for sale this  
year only fawn + trumps.

I want to buy some English  
and German pointers in any  
colors. Also want a pair or  
so of black saddle fawn.

2  
also can use a good pair  
of white fans. I have a few  
odd 1959 trumps in red, black,  
and red moths at \$1.50 a  
bird am not sure of sex.

Yours very truly  
Donald Lambright

Joe,  
We are interested in  
two pairs of homing pigeons.  
When can you have young  
ones ready? And I will  
letting us know when we  
can pick them up and also  
the price.

Reading is again planning a bang-up show. The finest on the circuit, plenty of good food and drink. Loads of trophies and rosettes. If you were not able to attend our show in '58, ask your friends about the beautiful trophies and rosettes awarded at Reading. This year we are giving more than ever.

PIGEONS: A dated championship rosette will be awarded to the champion of any variety showing a minimum of six birds. In addition, any variety with a minimum of ten birds will receive also a rosette for reserve champion.

When trophies are awarded to any variety, pigeons or bantams, rosettes will not be given.

BANTAMS: If there are six or more in an age group of a breed, each age group will receive a champion rosette. If ten or more are shown in an age group a rosette for reserve champion will be awarded to best opposite sex. If there are less than six birds in an age group of a breed, young and old will compete together.

TROPHIES - The R.P. and B.A. is offering an engraved trophy to the champion of any variety, pigeon or bantam that has a minimum of 25 birds shown. Age groups in bantams will not be totaled together to make 25 unless one age group has less than six birds.

In addition to trophies given by the club, club members have donated engraved trophies in the following varieties. (In the event that any of these varieties becomes eligible for a club trophy, the member trophy will be awarded to the reserve champion of the variety.)

Dr. Earl S. Loder - - -	-Champion Bantam of Show	Muard Naugle, Jr. - - C	Seabright

*The* MOLLY PITCHER HOTEL  
CARLISLE, PENNSYLVANIA

Monday Aug 17, 1909

Mr Robert Powell  
Carlisle, Pa.  
Dear Mr. Powell,

Your letter received. To answer  
your question: There isn't a Class that  
would be called red splash. A bird of this type  
would have to be entered in the A.O.C. Class.  
A kite would have to be entered into the A.O.C.  
Class also because kite isn't a standard  
color.

May I make this suggestion? It would  
be best if you would attend our Reading  
Lawn Show in person. Not only would you  
meet a lot of fantail fanciers in person, but  
you would learn more in a hours time by  
sight study and Comparison than you would  
pick up in many hours of reading. you could  
determine also if you were on the right

track etc. as far as breeding goes.

Unfortunately we had a mis-hap concerning our entry blanks. The Company that was to print them didn't do so, so we have none. However if you wish to show some birds send me your entries on a piece of paper so that I have it by Thursday Aug 27<sup>th</sup> and I'll see that it gets to the Secretary. Indicate the sex and color and remember the show is for young birds only.

Our Lawn Show is a one day show and we have no facilities for express shipments. The Express Office at Reading closes at 12:00 noon on a Sat. which further complicates matters. What most everyone does is to bring the birds with them.

Come to the show in person. It will be a delightful day for you.

Very truly yours,  
Robert R. Kunkinizer  
3105 Sandview Blvd.

Mr. Powell

I will probably have the  
T.M. in March and the B.M. in red  
too about Feb 1 - 15 if you are still  
interested then I will be glad to  
hear from you

I never sell the young just  
out of the nest as I want to see what  
they develop into when they mature  
and mature they are my baby I  
am not trying to see how many I  
can raise but how good I can  
get them. The B.M. and T.M. birds  
are not the fine quality that the best  
white are but I am getting them  
a little better each year but it  
is slow

Sincerely  
Lauri Starks

## Another Blow at Pigeons

By INEZ ROBB

This is the day to roll up the big ammunition in the Battle of People vs. Pigeons. Pigeons are not only an unholy mess physically, but, as the carriers and causers of several diseases highly infectious and dangerous to mankind, they are a serious public health hazard.

Inez Robb

But before I begin to document these accusations, let me say that two weeks ago when I first wrote that either people or pigeons had to go-GO-GO because the world isn't big enough for both, I was in a benign mood.

Now, I am convinced that both pigeons and pigeon fanciers must go. The mail is running 100 to one against pigeons. But what the pigeon fanciers lack in number, they make up in violence and letters almost as messy as the birds they defend.

"Drop dead" is their kindest salutation. "You stink" is their next most favorite greeting. "I hope you rot" is a not-unusual sentiment. Shades of St. Francis

of Assisi. And another pigeon lover is "gleefully looking forward to reading your obituary." Come to think of it: maybe these letters were written by pigeons; they are all anonymous.

Ah, well, every crusader has to take the bitter with the better.

But now let us accentuate the positive. Doctors have written me from every section of the nation, calling attention to an article written by Albert Arbarbanel in the July issue of "Today's Health," a publication of The American Medical Association. The title of this excellent warning against pigeons as disease carriers is: "Pigeons Aren't Pets—They're Pests."

In the first place, pigeons are carriers of psittacosis, dread parrot fever. Mr. Arbarbanel points out that in the Winter of 1944-45, Philadelphia suffered an epidemic of psittacosis restricted almost exclusively either to victims who had handled pigeons or lived in places where the birds roosted in great numbers.

The City of Brotherly Love, on investigation, discovered that 35 per cent of the pigeons of Philadelphia, and it had clouds of them, carried the infection in their bloodstream. When a similar epidemic hit Chicago, laboratory tests showed that 45 per cent of Chicago's pigeons were infected.

Not only are pigeons spreaders of psittacosis, but also of histoplasmosis, a respiratory ailment resembling a severe cold that attacks human beings. They are not carriers of the disease, but their droppings are the ideal base to nurture the disease's fungus.

Pigeons are the common source of a painful skin disease caused by the microscopic mites they harbor. Pigeons frequently shelter another microscopic parasite that causes toxoplasmosis. "As a congenital disease passed on by an infected mother," writes Mr. Arbarbanel, "it may cause brain damage and blindness in newborn infants. Infants who get it usually die within a few weeks after birth."

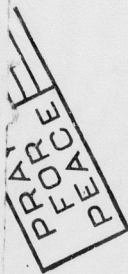

Pigeons are also known carriers of encephalitis, a dangerous virus causing damage to the brain and other nerve tissues. Mosquitoes carry the disease from pigeons to man. Occasionally, the dirty birds transmit to man a highly contagious and fatal neuropneumonia of birds, called Newcastle Disease. They also can infect man with cryptococcus, a fungus infection.

That isn't all the trouble that can be charged to pigeons. But it is sufficient, it seems to me, to banish pigeons, filthy and disease-ridden, as well as the misguided nitwits who persist in feeding them at the expense of their fellow citizens' well-being.

Dear Friend!:-

I got your letter while I was in the hospital and sorry I could not answer sooner. After writing to you I took sick and went in to the hospital and just came home a few days ago. I still do not feel too well. While I was in the hospital I ran out of pigeon feed and my son got some scratch feed and feed them it. After a couple days feeding I lost quite a few of my young birds. The feed must of been

a little <sup>2</sup>moldy. My old  
birds are all in good shape  
yet. I am sorry I can not  
use the German cocks. But  
I could use two or three  
hens. I can also use a  
couple of English hens, too.  
Just a day ago a fellow  
from Lisbon, Ohio came up  
and I traded him two pairs  
of blue bar fans for two  
pairs of beautiful white  
fans. Right now I have  
quite a few fans. Later if  
you have a pair or so of  
Germans for sale drop me  
a card and give me your  
price. If you know of any  
one who can use a nice

pair of red fans at \$2.00  
cock is 1958 and hen 1959

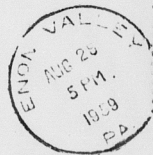

The only reason I am selling  
them at this price is both  
birds have a few white  
feather in them. The hen has  
two or three in her tail and  
cock has a few in his  
hackle.

Hope to hear from  
you again.

Yours very truly  
Donald Lambright

D. Lambright

Mr. Robert Powell  
Rt. #1  
Carbondale, Pa.

Robert McKee  
615 Laurel Ave  
Versailles Boro.  
McKeesport, Pa.

Dear Bob,

I received your letter and photo of the pouters. They look good. Mine are no better. As for the stained neck feathers mine are the same way. If you want to put them in a show and they are still stained, put some of the bluing that your mother uses on her clothes when she washes. Put it into a pail of luke-warm water and rub between your fingers. It takes a few minutes and when you take the bird out of the pail, it is a sight, but don't worry, put it in a warm, dry place, by itself, and don't look at it for a few hours and you will be surprised.

You asked about jacks, well I've had no luck with them at all. I do know a man who has good ones. I would recommend him for he has helped me a lot. The bad luck is my fault! Write to him!

George Graham  
125 Hurley Ave.  
Pittsburgh, Pa.

I would like those pictures  
back because the hen has died. Yours  
enclosed.

My birds are in the "Western Penn.  
Pigeon Show" now (Sept 3 - Sept 7). I will let  
you know how I do. Are you or do you  
plan to <sup>show</sup> your birds? Supper ready now  
so will close.

Yours in the Fancy,  
Robert F. McKee

P.S. Would like to see some of your  
fans.

## PAUL ROSER AVIARIES

♦ BIRDS OF ALL KINDS ♦

Wholesale & Retail

128 Church St., Glen Rock, Pa.

September 5, 1959

Dear Mr Powell:

Received your nice letter and was glad to hear that you like the Cockatiel.

I have lovely female Cockatiels around 1 year and nearly ready for breeding. Yes your one year old male is old enough to breed.

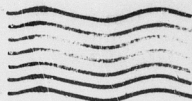

To be successful in breeding Cockatiels place your pair in a large cage or flight. Put a regular Cockatiel nest box up for them. Some will go to nest in a cardboard box. Give plenty of gravel. Charcoal and oyster shells also Parakeet seed and sunflower seed. Give egg food with Wheat Germ oil added. I am sure that I can give you a female that you will like. I have

female Cockatiels at \$15.00 each. young Cockatiels in  
lots of six or more \$12.50 each. Male Cockatiels  
are also \$15.00 each. Selected breeding pairs  
\$35.00 a pair.

Birds are shipped Mondays and Tuesdays  
Payment by Check or money order.

Sincerely  
Paul E Roser

Birds from me this year & last.*

September 4, 1959

Mr. John Bauer  
9116 Glendon Way  
Rosemead, California.

Dear Mr. Bauer:

I saw your ad in one of the recent issues of the American Cage Bird Magazine and I am interested in purchasing some Love birds.

But before I order I would like you to answer a few questions for me. Are your love birds pure bred or are they crosses? How old are they? I am interested in getting a pair of either Peach face or Fischers. Do you have a young mated pair of either Peach face or Fischers for sale at the present time?

If you do I shall be more than happy to buy a pair of love birds off you for the very reasonable price of \$20.00. Is your price still \$20.00 a pair? Do you guarantee live arrival?

Yours very truly,

Robert Powell

P.S. Again let me say. They must be pure bred young birds, not necessarily mated, and not over two years old. I have enclosed a stamped, self addressed envelope for prompt reply.

Dear Sir;

I have been breeding Lovebirds since 1926 and I do not cross any birds. I can send you a pair of Peachface from 9 months to 18 months old. The younger ones are still not in full color, but will very soon. Price is still \$20 a pair. I guarantee live arrival, but assume no responsibility if held up in shipping. Birds must arrive within 48 hours, that is the time it takes to go to Hawaii, Alaska, Florida and all the furthest points. I try my best to pick true pairs but cannot guarantee them to be so. It is to my advantage to pick true pairs or I would have a lot of odd birds on hand in the end. I have no Fischers for sale at this time. I have send many birds to Waynesburg, Pa. and all arrived in fine shape. You have no air-port in your City, so it may take longer to get your birds, unless you can pick them up at air-port.

Dear Mr. Powell:

This is in reply to your letter of September 4 regarding Love Birds. I have a few pure bred, young (hatched early this year) Peach Face virgin breeders. I am saving this colony for my own breeding stock, but will sell you a pair for \$20.00. I have no Fischer's at this time.

Very truly yours,

very truly yours,  
Jim Crowley

## EASTERN FANTAIL YOUNG BIRD SHOW - 1959

By Robert R. Kingkinger, Publicity

Our Annual Young Bird Show was held Sunday, August 30th at the Reading Fair Grounds with the Reading Pigeon and Bantam Association Lawn Show.

Judging was divided between Forrest Strawbridge, Ray Ostrander, and Harry Munday. Birds were shown by ten exhibitors, all solid colors and saddle colors being exhibited. There were more powdered silvers shown than at any young bird show to date. Glad to see a number of new exhibitors showing with us this past Lawn Show Season. Keep plugging fellows -- you'll get there!

Ray Ostrander's young white cock placed best white and Champion Fantail of the Show. This bird was moulted off and further developed than any other bird shown. Second in this class was Kingkinger's entry. All young white hens (5 in number) were shown by the Archers. Their best hen was not as well finished as the young cock. All whites judged by Strawbridge.

Blacks, judged by Ostrander, were stronger in number than formerly (seven being shown). In the cock class, Kingkinger's entry took first, Archer second. In the hen class Kingkinger first and Munday second. The hen still in baby feather and very young was best black. Blues judged by Strawbridge were eight in number.

The young cock shown by Kingkinger was first in its class and best blue. Munday's entry was second in the young cock class. Hens saw Kingkinger taking first and Archer second.

Silvers, only two in number, saw Mary Martin's bird placing over Kinzer's entry. Martin's entry later took the trophy for best colored fantail with Munday judging.

Red and yellow classes were both judged by Ostrander. Strawbridge took first and second in the yellow class followed by Archer as third. Reds were Griel first, and Moore second. Reds were badly moulting and yellows still with baby feathers.

Powdered Silvers were judged by Harry Munday. In the young cock class Kingkinger took first with a very light colored bird and Griel second. Ostrander's young hen was first in its class and Griel's entry second. The young hen showed better than the cock and took it for best powdered silver.

All Saddles were judged by Ray Ostrander. In the Red Saddle Class Strawbridge's young cock, very nearly finished moulting, placed over Archer's birds which took second and third in the class with Hunter fourth.

Blue Saddles saw Kingkinger's young hen place over Strawbridge's entry. This bird later went on to win best saddle.

There were more yellow saddles shown than any other saddle color, (five being shown by various exhibitors). Judge Ostrander placed Kingkinger's young hen first, Strawbridge's young hen second, and Kingkinger's young cock third.

There was only one black saddle and one silver saddle being shown so they were placed in a class together to compete. Martin's black saddle placed over Kingkinger's silver saddle in this class.

Kingkinger's blue saddle young hen placed over the best of the other saddle colors to take best saddle.

In the final judging, with Munday placing the winners, Ostrander's finished white placed over Martins silver and Kingkinger's blue saddle for Champion Fantail.

Unfortunately, at this time of the year, it is difficult to show finished birds as the majority of young birds are deep in the moult. Occasionally one can find an early bred youngster that has passed through the awkward stage and has finished moulting. These birds then stand out in comparison with one that hasn't completed the cycle.

See you at the Club Meet at the National at Atlantic City, if not before.

365

A special meeting of the E.F.C. was held after the judging was completed. The following members were present: Kinginger, Ostrander, Kinzer, Hemphill, Martin, Mr. & Mrs. Archer, Mr. & Mrs. Moore, Griel, Ebert, Andre, and Strawbridge. President Munday presided.

As you all know, the last annual meet of the E.F.C. was held at the home of Reed Kinzer, one of our members, last December. At this time the membership voted to return the annual meet to Mr. Kinzer's home this November 28 & 29, 1959. When the membership voted this way, they were unaware that the "National" was going to be held in the east this year. Since then, we have been invited to show with the "National" at the Ambassador Hotel in Atlantic City, January 22 to 24, 1960.

This was discussed at the meeting yesterday. Also the fact that the birds will be in better condition at the later date, and that the Central Fantail Club meet falls early in December which would make it impossible to show at both shows for any fanciers that wished to do so.

It was also mentioned that the "National" will not be in the east again for four years, and that the club would benefit in prestige and publicity by showing with the National.

After discussion, the membership voted to hold the annual meet with the "National" January 20 to 24, 1960.

Your Secretary will send all members full particulars on specials, rules, judges, etc., at a later date.

Below is a ballot to vote for judges, vote for three; also time to start the judging. Return to secretary no later than October 1, 1959. Members must have 1959 dues paid to vote.

Any member that intends to offer any trophy or special of any kind for the annual meet, please inform the secretary no later than October 1, 1959. This is necessary to have it included with the rest of the show information.

Forrest W. Strawbridge, Secretary  
2129 Lincoln Ave., West Lawn, Pa.

## PAUL ROSER AVIARIES

✦ BIRDS OF ALL KINDS ✦

Wholesale & Retail

128 Church St., Glen Rock, Pa.

October 9, 1959

Dear Sir:

I am planning to ship your female Cockatiel on Monday October 12. If I cannot ship on Monday will ship on Tuesday.

I am glad to know that you are pleased with the male. I would give the hen a rest for a few days and then place her with the male. I do not know how long it will take for them to mate. Some birds will mate in a day or two while with others it may take several weeks or months. If your Cockatiels do not like to take a bath you can sprinkle them now and then but make sure the temperature in room is around 75 degrees <sup>70</sup> or your birds may catch cold and die. I have

picked a nice hen for you Hoping that she arrives  
in good Condition. Thanks very much for the order.  
I have nice mated pairs at \$35.00 a pair.

Sincerely  
Paul E Roser

[ This was the beginning of SRP's  
career as a breeder of Cockatiels.

I had wonderful luck in  
raising them and raised  
dozens of them.]

Bridgeport 5, Conn.  
Nov. 19, 1959

Dear Bob,

It's been so long since  
I heard from you I don't know  
who owes who a letter - so I  
decided to write. Enclosed  
please find .50¢ for the pennies  
I'll send you the other .20¢  
in my next letter - O.K.

First let me tell you that  
I sent you a letter plus the  
money a long time ago, but  
I sent a little boy to mail  
the letter. Recently he confessed  
of not sending the letter and tak-  
ing the money - so I'm shocked  
to know that you were so nice  
and really considerate to send  
the pennies and stamps and  
get such a "dirty deal"

I just learned of this  
now, otherwise I'd have

written sooner and <sup>2</sup>sent the  
money - certainly for .75  
I don't want to lose a good  
friend.

Dear Bob,

I hope you understand,  
and don't misjudge me.

Since the last time I wrote  
a lot of things have happened.  
I've been painting plates  
and pigeon pictures. An ad  
will be in this coming A. B. J.

Nov. 28 and 29 there is a  
show in Danbury Conn.

I hope to enter eight birds  
and also have a big display  
of Pigeon Pictures.

How's all your birds?  
Did you have a good breeding  
season?

Your brother must have a lot  
of youngsters too.

I'm attending night  
school my last year. I hope  
to enter the University of Bridgeport

3.

next year. Do you hope to go to college? I'm seriously thinking of studying to be a Social Worker.

Now my father and I just have the Indian fantails and Shaw Kings. What breeds do you have now?

I've missed your letters Bob, I hope you'll continue to be a friend.

Well I really better sign off - Hope to hear from you soon -

Best of Wishes - Tony

P.S.

I had to look thru  
300 letters to find  
yours with the  
address.

## EASTERN FANTAIL CLUB OF AMERICA

### Annual Meet

Ambassador Hotel, Atlantic City, New Jersey

January 20-24, 1960

ENTRY FEE: \$ 1.00 per bird.

ENTRIES CLOSE JANUARY 7, 1960

Classes will be provided for old cocks, old hens, young cocks, young hens in the following colors: white - black - blue - red - yellow - silver - powder silver - A.O.C. - black saddle - red saddle - blue saddle - yellow saddle - and A.O.C. saddle. (There will also be yearling classes for whites and blues.)

#### E. F. C. AWARDS

Engraved trophies will be awarded to the champion fantail in each of the above mentioned colors.

Champion Fantail: Large engraved trophy.

Sol Kogan Memorial Trophy: best young powder silver: three wins retire trophy.

Kreutter Trophy: Best young red saddle: perpetual.

E.F.C. Specials: \$ 2.50 best old cock - \$ 2.50 best old hen - \$ 2.50 best young cock -  
\$ 2.50 best young hen.

Ray Ostrander Trophy: painting of a red saddle fantail; for best young saddle. (3- Wins)

VanZandt Knight Specials: Silver bowl - best young red saddle  
Silver serving dish - best young yellow saddle

Robert Kinginger Specials: \$ 2.50 best young black - \$ 2.50 best old black.

Donald Morris Special: \$ 10.00 - awarded to champion fantail (non-members eligible)

With the exception of the Donald Morris award, only paid up members of E.F.C. are eligible for these awards.

#### NOTE:

Cash specials listed in N.P.A. rules sheet must be paid out of specialty club treasury. E.F.C. is awarding engraved trophies to the champion of the colors mentioned in paragraph one, so the cash specials listed by N.P.A. will not be paid unless some non-member exhibits with us. In the event a non-member wins he will be paid the appropriate cash special for that class.

Elisha Hanson and Ray Ostrander and Karl Otto will judge the show. Judging will start promptly at 1:00 P.M. on Friday, January 22, 1960. You may bring your birds with you or ship them. Make sure they are cooped before 1:00 P.M. Friday.

Let's really have a fantail show, men. Bring your birds to the show. They can't win if you keep them home. I expect some of our friends from the mid-west to show with us, and I hope we can entice some New England members also. With your cooperation we can put Eastern Fantail at the top of the heap.

Any one wishing to join E.F.C., may do so by sending \$ 3.00 to the secretary ---

Forrest W. Strawbridge, Secretary

Dear Pigeon Fancier:-

YOU ARE INVITED TO PARTICIPATE IN THE 1960 GRAND  
NATIONAL PIGEON SHOW.

Yes, we cordially invite you to exhibit your birds at the Grand National  
Show of 1960. It will be held in the Ambassador Hotel at Atlantic City,  
New Jersey, January 20-24, 1960.

On the reverse side of this sheet you will find the rules that govern the  
show and enclosed is an entry blank.

Please be sure to fill out the blank as completely as possible. On this end  
we will try our best to have everything ready and waiting when your birds  
arrive.

Atlantic City is known far and wide as a wonderful convention city so  
if at all possible you will want to accompany your birds to the show.  
The efforts of the National Pigeon Assn. have been combined with those  
of The Philadelphia Pigeon Fanciers and the South Jersey Pigeon Asso-  
ciations to make this an outstanding event.

Both you and your birds will have fun at the 1960 Grand National. It's  
the place where the Grand National Champions are crowned and where  
good fanciers from the far corners of the country will meet.

Sincerely,

National Pigeon Assn., Inc.

ROBERT S. DARE, Show Secretary.

ENTRIES CLOSE JANUARY 7, 1960

ENTRY FEE \$1.00 per bird.

## SHOW RULES OF THE NATIONAL PIGEON SHOW

1. Failure to recognize any or all rules will exclude entry.
2. This show recognizes all seamless bands of a reputable banding organization. All birds entered in young and yearling classes must be seamless banded. All old birds must wear some type of numbered band; but birds will be disqualified if bands bear breeders or exhibitors initials, name or address.
3. Reliable and competent judges have been selected and their decisions may be appealed only upon written request to the executive committee of the National Pigeon Assn., Inc., not later than twelve (12) hours after the disputed decision. All appeals must be accompanied by \$5.00 which is forfeited if the judge's decision is sustained.
4. The right is reserved to disqualify all unworthy specimens. Each specimen must be the bona fide property of the exhibitor and shown in its natural condition.
5. The show management will not be responsible for the loss of birds; however, the best care will be given in every way. Clean feed and water will be supplied daily.
6. A marked catalog, giving complete listing of classes with correct band numbers, breeder's name and address and awards will be published immediately after the show and sent free of charge to all exhibitors.
7. All birds will be singly cooped.
8. Substitutions will only be permitted when made in the same class, color, age and sex as original entry.
9. Where display awards are made the specialty club involved will provide its own rule for determining points scored.
10. The management reserves the right to reject unhealthy or deceased specimens received for exhibition. If sickness develops, the bird will be removed from the exhibition hall and at the discretion of the management may be destroyed.
11. Exhibits will be released Sunday morning, January 24, 1960. Not before. No birds will be allowed to be taken from the building without a release form signed by the Superintendent.
12. Prizes won at this show will be paid by the secretary of the specialty club sponsoring the breed. This includes both special and class money. Where there is no specialty club meet involved the National Pigeon Assn., Inc. secretary will pay the following open class money. Competition for this class money is open to the world.

13. Birds of every class shall be placed for the entire class shown.
14. The Grand National Champion of each breed will be awarded one of the coveted GRAND NATIONAL CHAMPIONSHIP CERTIFICATES.
15. Specialty club meets will establish their own classes. Where no such club is involved classes will be provided for old cocks, old hens, young cocks and young hens and colors in accordance with Wendell M. Levi's book 'The Pigeon'.

## EASTERN FANTAIL CLUB OF AMERICA

August 1958

### STANDARD OF PERFECTION FOR FANTAILS

**HEAD:** small, fine, neat and snaky, free from peak or shell.

**BEAK:** Thin, and of medium length, the upper mandible slightly curved at the tip. Flesh color in whites, saddles, reds, and yellows; black in blacks and blues; horn color in silver, black or horn color in powdered silver and duns.

**BEAK WATTLE:** Small and fine in texture.

**EYE:** Dark hazel or bull, with fine flesh-colored cere in whites and saddles; pearl or orange, with fine dark-colored cere in blacks and blues; orange or pearl, with fine flesh-colored cere in reds and yellows; pearl or orange, with fine drab-colored cere in silvers; pearl, red or orange with fine with fine dark cere in powdered silvers; orange, with fine drab-colored cere in duns. In blacks, blues, silvers, and powdered silvers pearl eyes are preferred.

**NECK:** Thin, nicely curved, and tapering well off as it approaches the head.

**LENGTH OF NECK:** Corresponding with length of back, so as to enable the head to rest closely at the base of the cushion.

*Points allowed for above qualities 10*

**BODY:** 1. Small and round like a ball when viewed from any angle, showing a graceful curve from chest to feet. (A balanced medium-size bird, however, is preferred to a small bird deficient in other important qualities.)

2. Chest: Shape round like a ball, carrying out rounded contour of body.

3. Back: Appearance of being slightly hollowed in center. Length of back: In proportion to length of neck, enabling the head to rest closely at the base of the cushion.

Rump: Of sufficient size and strength to balance the tail evenly.

*Points allowed for body 20*

**CUSHION:** Full and massive, the feathers at the front and back extending well up the tail feathers.

**TAIL:** Slightly concave, and circular, closely filled with long, broad, evenly-set feathers, well overlapping each other.

*Points allowed for cushion and tail 20*

**LEGS:** Moderately short, not stilty, set well apart and forward so as to conform with the curve of the body line but without the appearance of buckling. Free from feathers below the hocks.

**FEET:** Small, fine and neat.

**COLOR OF LEGS AND FEET:** Bright red.

*Points allowed for feet and legs. 15*

**CARRIAGE AND MOTION:** The bird should walk in a jaunty manner on its tip-toes with its head thrown back in a graceful manner, and resting with ease closely in the center at the base of the cushion.

**Chest:** Full and round like a ball. Apparent upheaving of the chest when bird is in motion.

**Wings:** Neat, closely fitting the body with wing butts well hidden so as to preserve an over-all appearance of roundness of the bird and with flights tight and not loose, just clearing the lowest tail feathers, almost meeting at the tips, and not breaking away from the general line of the wings.

**Tail:** Carried well up, not being allowed to drop or to incline forward, with as much top-tail as possible showing above the chest.

*Points allowed for carriage and motion* 25

**PLUMAGE:** Hard and tight fitting.

**COLOR:** Pure white in whites;

**Blacks:** Jet black throughout, free from rustiness, or a checkery appearance, and covered with a rich, beetle-green lustre.

**Blues:** Clear, sound lavender blue, free from sootiness or bronzings, and with no inclination to run light on the rump or breast. The feathers on the neck and throat should be covered with an iridescent metallic sheen. The wing and tail bars should be black and well-defined. The tail feathers should be edged all around with the same shade as the body color.

**Silvers:** A soft shade of a light silver, with no tendency to a creamy color. The feathers upon the neck and throat should be covered with an iridescent metallic sheen. The wing and tail bars should be black and well defined. The tail feathers should be edged all around with the same tint as the body color.

**Powdered Silvers:** A neutral silver gray on body, wings and tail, but with no tendency towards cream, yellow or purple color, and having the appearance of being very lightly flecked, but not checkered, with powder. The feathers on the neck and throat should be slightly darker than the body and covered with an iridescent metallic sheen comparable to the luster of burnished silver. The neck and

throat like the body, wings and tail should be free of cream, yellow or purple color. The wing and tail bars should be of a much darker shade than the body, dun or black being permissible, and well defined. The tail feathers should be edged all around with the same shade as the body color.

**Reds:** Even shade throughout of clear, rich, bright chestnut, free from sootiness or any tendency to a bluish or plum tint. The feathers upon the neck and throat should be covered with an iridescent metallic sheen.

**Yellows:** Even shade throughout of rich, bright, golden yellow with no tendency to run light on the rump. The feathers upon the throat and neck should be covered with an iridescent metallic sheen.

**Duns:** A soft even shade of a dull reddish brown, without any tendency to a purple or bluish tint. The feathers upon the neck and throat should be covered with an iridescent metallic sheen.

*\*Points allowed for color and plumage* 10

**MARKINGS: (Saddles only)**

The wings should be marked evenly, the ten outside feathers being white, the rest, including the covert or scapular feathers, to be colored; the body excepting the back, to be white; in the barred varieties, the wing bars to be clear and distinct.

*\*Points allowed for saddle markings* 10

\*Fantails are to be judged by comparison. To assist judges in assigning proportionate values to the various desirable qualities point values are listed. General requirements are the same for all colors and markings, and total 100 points. An advantage of 10 points may be allowed for excellence in plumage color of self and barred classes. (There is no allowance for color in whites and A.O.C's). Also an advantage of 10 points may be allowed for excellence in marking, and 5 points for color, when patterns are involved, as in saddles and tail and body marks.

## PAUL ROSER AVIARIES

✦ BIRDS OF ALL KINDS ✦

Wholesale & Retail

128 Church St., Glen Rock, Pa.

December 23, 1959

Dear Mr Powell:

In order to get Cockatiels to mate both birds must be in full breeding condition. Some birds will mate quickly while with others it may take several months. If birds are in a soft moult they will not mate. Give plenty of hard boiled egg with grated Carrot and Cracker meal. add several drops of wheat Germ oil to this. you can also add a few drops of wheat Germ oil to their seeds.

I can furnish mated Cockatiel breeding pairs at \$35.00 a pair. your method of feeding and care seems to be very good. Sometimes when there are two pairs together they will mate much quicker as they seem to be jealous of each other. Hoping that you have better luck in 1960.

Sincerely  
Paul E Roser

Dear Robert,  
Haven't heard  
from you for awhile  
so decided to write.  
How are all your  
pigeons doing?  
Did you place  
at the Atlantic City  
Pigeon Show?  
From the  
pictures I see  
you have some  
very

good birds.  
well I mated  
3 prs. of jays  
last week or so,  
and pairs have  
eggs already.  
Better close,  
Please write  
when time -

Sincerely,  
Tony

P.S.

Please don't forget  
to let send the  
photos back as

another friend  
would like to  
see them.

MADE IN U.S.A.

Tony Brancato  
441 Spruce Street

January 7, 1960

Dear Bob,

Thank you for your  
nice letter and (real) beautiful  
pictures. Your fantails have  
a very good chance of  
winning I hope they will.

Enclosed please find  
two of my pictures of my  
grouse legged fantails.

Please send them back  
as I'd like to have them.

I had a fair breeding  
season you beat me I only  
raised about 60 birds.

at the present I have

75 pigeons, all are  
Show Kings and fantailed  
grouse legged and crested

I.

Except one pair of muffed  
tumblers black saddles.  
I sold all my other breeds  
and my father tends to his  
king we won five first  
prizes at Danbury Pigeon  
Show one second, and  
one third. I only entered  
king, and just one fantail  
which placed 1st. against  
ten. Next year I'll have  
the cross - chested heads and  
grouse legged - I've worked  
on it seven years crossing -  
these I notion fans  
will be the only ones  
in the U.S. except for  
two pairs owned by  
Don Andrews of California.

Tony Braneato  
441 Spruce Street  
Bridgeport 5, Conn.

3.

I visited in Alberda Penna.  
in Sept. we hadn't much  
time though. This coming  
summer I hope to go to  
Penna. for a week, maybe  
I'll drop by. O.K. Any  
chance come up to see  
me - your always welcome.

In birds we have blues,  
whites, blacks, splashes, and  
duns. In fantails, whites,  
duns, and black and white  
splashed. Your birds are  
certainly of good quality  
you can see it in the  
pictures. It got real  
cold here and it  
even snowed.

4.  
We are just going to  
keep around 50 for stock  
for this Spring. Well  
Thanks for writing and  
sending the pictures -

Please send mine ~~back~~  
back - when you write  
again.

I also have odd  
far pens.

Sincerely,  
Tony

P.S.

I'm painting pigeon  
pictures now on  
plate, and  
canvas  
sold quite a  
few.

Prompt Mail Order and Commercial Printing.

[I don't remember where I got them,  
but I had some extremely good  
white Pomeranian Pouters; also  
some blue bars.]

January 10, 1960

Mr. Rodney Hass  
312 Jefferson Street  
North Wadena, Minnesota.

Dear Mr. Hass:

I saw your ad in one of the back issues of the  
American Pigeon Journal and I am interested in your  
German Pouters.

I am particularly interested in odd hens. What  
colors, ages, prices, etc.

I would appreciate a prompt reply so I am enclosing  
a self addressed, stamped envelope.

Thank you very much.

Yours truly,

Robert Powell

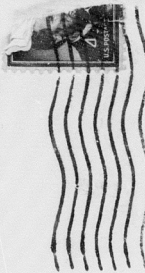

Dear Mr. Powell:

I'm sorry to inform you that we no  
longer have German Pouters. We sold  
them all last summer.

Thank For your Trouble  
Rodney Hass

Langrie - 22 Jan 20-60

Mr. Powell

I will probably have the  
tailmarks for you but doubt that I  
will have the bodymarks I am not  
real sure now I culled my young  
had a good part of the dead bodymarks  
had light blue tails I destroyed all  
those now all those that I know the  
sex are cocks it may be that they  
are sexlinked if there is more than  
1 pair you will get the second pair  
that I have for sale I have 11 young.  
I know the sex of 5 they are cocks.  
there may be some hens I wish I  
could have them for you maybe in  
a few wks. I will have I will write  
you again then.

Sincerely

Louis Stucke

Jan 21 - 1960  
801 N. Zane Hwy  
Martins Ferry, Ohio

Dear Mr Powell

Received your letter and  
always enjoy hearing from a  
fancier -

I'm sorry if I'm a little late  
in answering, as I have been  
very busy the past several days.

Well I'm also sorry to say  
that I don't have anything that  
I can let go in White & Ringneck  
doves at this time - The ad  
cut me down to a few pairs  
which was alright of course  
but I do get a lot of mail  
but no doves -

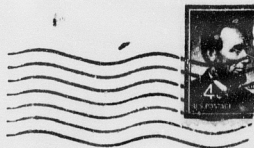

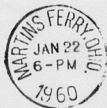

I can save you some young  
birds - by request however.

Far as care - its the same as  
keeping pigeons - Doves aren't  
quite as rugged - They also  
do best by keeping each pair  
in seperate pens - They breed  
faster then pigeons -

Thats about it - Would  
be glad to give any other  
information about doves that  
you may want.. if I know.

Yours Truly  
Felix Swanek

January 26, 1960

Dear Sir:

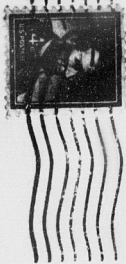

I saw your ads in the Pigeon Journal and would like to know what colors and prices you have. In rollers I like - pearl eyed bald heads in red, Black, yellow, Blue Ch. & bars - In tipples I just like the lighter grizzles. What are you asking for old birds and youngsters? Do you have any youngsters now? Are your rollers & tipples allowed their freedom. How long do the tipples fly. In the rollers I want good specimens also. I may come down as soon as the weather get in the 65 or 70°<sup>°</sup>. Around April or May. I would like to see you & your birds. Could you write me as soon as possible?

I have a few pair of nuns & racing homers. 1 pr Satinets. If you have anything you could spare on rollers or tipples I might need I would appreciate it very much

Yours sincerely  
Charles Buska

## EASTERN FANTAIL CLUB SHOW REPORT

By Robert R. Kingkinger,  
Publicity Chairman

The Eastern Fantail Club made history with the National Show at Atlantic City this year with a grand total of 210 Fantails shown by 20 different exhibitors. This represented a good cross-section of the Club memberships.

Interest in Fantails here in the East, and I believe in the rest of the country as well, is taking on renewed life. Some of the colors which have more or less held their own of recent years are going ahead with leaps and bounds -- notably solid blues and blacks. Birds in these two colors always were of excellent quality, but recently there are several new exhibitors in these two color classes which shows additional interest.

Hats off and many thanks to our capable judges; Ostrander, Otto, and Dettmer. All three had a man-size job on their hands as quality was pretty well standardized. Unfortunately, Elisha Hanson couldn't be with us but he was ably represented by his son, Tim, who helped carry the Hanson name to first place in several classes.

The membership is looking forward to, and already planning for next years club meet. Several of our mid-west members have promised to show with us again next year. This writer would like to personally invite all Fantail Fanciers North, East, South, and West to show with us. All birds will be prepared for the walking pen before the judge passes his decision on them. This way everybody will have an equal chance. Every Champion of the various color classes are awarded trophies as well as trophies for special awards.

The membership voted to hold their annual young bird meet with the Reading, Pa. Club the last Sunday in August.  
A brief resume' of the color classes are as follows:

### WHITES:

There were 80 whites shown with the young cock class leading with 21 entries and the young hen class with 16 entries. Otto judged all white classes.

#### Old white cocks

saw Dettmer taking first, Bolton second, Kingkinger third, Archer fourth, and Cheney fifth.

#### Old white hens

Dettmer was first and second, Archer third, Cheney fourth and Kingkinger fifth.

#### Yearling white cock

Cheney first, Bolton second, Dettmer third, Kingkinger fourth and fifth.

#### Yearling white hen

Kingkinger first, Dettmer second, Hanson third, Ostrander fourth and Schenck fifth.

#### Young white cock

Bolton first, Dettmer second, Bolton third, Dettmer fourth, Archer fifth.

Young White hen

Dettmer first and second, Ostrander third, Griel fourth and Kinzer fifth.

John Bolton's young cock was best young white, best white, and Champion Fantail over all colors and saddles.

The National Show rules stipulated that all birds in the class be placed. As a result, this writer has only mentioned the first five in each class. Space does not permit the mentioning of birds placing after fifth place in the various classes. A lot of good whites were shown. Can't help but thinking about the keen competition sure to turn up at next year's show.

BLUES

Old Blue Cocks

Five in number were Kingkinger first and fourth, and Otto second, third, and fifth.

Old Blue Hens

Otto first, Kingkinger second and third.

Yearling Blue Cocks

Kingkinger first, Kinzer second.

Yearling Blue Hens

Otto first, Kingkinger second, Kinzer third.

Young Blue Cocks

Kingkinger first, Hanson second. There were several more entries in this class that didn't arrive.

Young Blue Hens

The largest of the blue classes with eight birds entered. Hanson took first, Archer second, Kinzer third, Kingkinger fourth and fifth.

Blues were judged by Ostrander. Otto's old blue hen was best old blue and best blue, and Hanson's young blue hen was best young blue.

BLACKS

Judged by Karl Otto were as follows:

Old Cocks

Kingkinger first and second

Old Hens

Kingkinger first and third, Dettmer second.

Young cocks

Archer first, Kingkinger second and fourth, Dettmer third

Young Hen

Both to Kingkinger.

Kingkinger's old hen best old black. Archer's young cock, small and refined for a cock was best young black and Champion Black. Unfortunately Chet Bailey's entry didn't arrive.

SILVER

Otto Judging-only one old hen entered by Kingkinger.

Young cocks

Hanson first and second, Archer third.

Young Hen

Hanson first, Kingkinger second, Strawbridge third, and Griel fourth.

Hanson's young silver hen was best young silver and Champion in Silver.

POWDERED SILVER

Very strong, 24 in number and quality very good this year. Judged by Dettmer.

Old Cocks

Kinzer first, Kingkinger second, Otto third, Kinzer fourth.

Old Hens

Ostrander first, Strawbridge second, Kinzer third, Bolton fourth, Kinzer fifth.

Young Cocks

Griel first, Hunter second, Kingkinger third, Paruszewski fourth and Bolton fifth.

Young Hens

Ostrander first, Kingkinger second, Paruszewski third, Otto fourth, Daniel fifth.

Kinzer's old Powdered Silver cock was best old powdered silver and Ostrander's young hen best young and Champion Powdered Silver.

RED

Judged by Otto fewer in number this year. Should have some more exhibitors in this color next year as more are interested but didn't show.

Old Cock

first, Strawbridge, this bird best old and Champion Red, second, Archer.

Old Hen

one to Strawbridge.

Young Cock

one to Strawbridge also best young Red.

Young Hen

Griel first, Strawbridge second.

YELLOW

Otto judging. One old cock and one old hen both to Archer. The old cock best old yellow.

Young Hens

Archer first, Strawbridge second. Archer's young hen was Champion yellow. We look for more exhibitors in this color next year.

SADDLES

All colors of Saddles judged by Ostrander. Forty saddles in all colors were shown by six different exhibitors:

Red Saddles

Old Cocks

Kinginger first, Daniel second Archer third.

Old Hens

Kinginger first, Archer second.

Young Cocks

Kinginger first, Strawbridge second, Franco third, and Daniel fourth.

Young Hens

Strawbridge first and fifth, Archer second, Hanson third and fourth

Kingingers old red saddle cock best old and Kingingers young red saddle cock best young and Champion Red Saddle.

Blue Saddles

Five birds shown all to Kinginger. Old Blue Saddle cock was Champion Blue Saddle. Several fanciers are adding this color to their loft so there should be more competition next year.

Black Saddles

Old Cock

Kinginger first

Old Hen

Kinginger first and best Old, Archer second.

Young Cock

Franco first and best young black saddle, Kinginger second.

Young Hen

Kinginger first, Daniel second

Champion black saddle Kinginger's old Hen.

Yellow Saddle

Old Cock  
one to Kingkinger

Old Hen  
one to Strawbridge also best old.

Young Cock  
one to Kingkinger

Young Hen  
Archer first and Best young, Strawbridge second and Kingkinger third.

Champion Yellow Saddle Strawbridge's old Hen.

A.O.C. Saddle

Archer showed an old hen in this class and Kingkinger one young cock and two young hens. Kingkinger's young cock was Champion A.O.C. Saddle.

The Champions of all the colors classes in saddles were combined to pick the Champion Saddle. Kingkinger's young red saddle cock was Best young saddle of all colors and Kingkinger's old Blue Saddle Cock Best old Saddle of all colors. The old Blue Saddle cock defeated the young cock on condition to take Champion Saddle.

A.O.C.

Two birds shown by Kingkinger. The old dun hen defeated the checker young cock for best A.O.C.

A fine show in an ideal enviroment. To sum up the awards:

Champion White	Bolton
Champion Blue	Otto
Champion Black	Archer
Champion Silver	Hanson
Champion Pwd. Silver	Ostrander
Champion Red	Strawbridge
Champion Yellow	Archer
Champion A.O.C.	Kingkinger
Champion Saddle all colors competing	- Kingkinger
Champion Fantail of the show	Bolton.

Many thanks to Frank H. Hollmann and the American Pigeon Journal for making this report available to the many Fantail fanciers throughout the country.

See you at Reading at the Young Bird Meet !

POSTAGE DUE 4 CENTS

FORREST W. STRAWBRIDGE  
2129 LINCOLN AVENUE  
WEST LAWN, PA.

Tony Brancato  
441 Spruce Street  
Bridgeport 5, Conn.

Dear Bob,

Received your nice letter  
the other day and was certainly  
glad to hear from you. I  
understand how busy you  
are so don't worry about it.

I'm sorry what happened  
to your white jive, and  
I know in future shows  
you will be a champion.

You must understand  
Bob, that the fancier  
who won first has been  
raising pigeons for over  
40 years and your competing  
against breeders who  
have bred

birds before<sup>2</sup> you and I were  
born, so I think you made  
out quite good.

Is your daschhund a  
miniature or a large kind?

As I'm interested in a  
miniature pup. Your brother  
is raising pheasants, well  
at one time I did and  
found them profitable,  
I also raised quail, and  
wild turkeys.

I may see you in the  
fall as I hope to vacation  
in my home town.

We read in the news-  
paper how heavy it  
snowed in  
Penna.

Tony Brancato  
441 Spruce Street  
Bridgeport 5, Conn.

3.

We too have had a bit  
but the salt air eats it  
up, although we get very  
bitter cold days in the  
teens. I'm glad you passed  
the Driver's Test as it isn't  
so hard I thought too.

Our state law are a  
little different than Pies  
I always keep rat  
poison out for rats,  
and last Monday I found  
a big one dead near  
my loft. They come from  
the water near here.

We have a club  
now in our area

4.

its called the Fairfield  
County Pigeon Fanicere Ass'n.

My job is to interview one  
member every month and  
read his story at one of our  
meetings, which I enjoy.

Did you see my advertisement  
in the A.P.J.? I'm painting  
pigeon pictures now in  
oil. Well did better  
close now; write when  
you can now Bob,

Best of Luck -

Sincerely,  
Tom

Langriem Ill April 5 - 60  
Mr. Robert Powell

I can offer you a pair black  
tailmark fantails male I thought I  
would have the red body marks to  
but I guess I ~~must~~ have any to  
sell this yr I had fair luck  
raising them last yr but there  
were so many unmarked that  
I destroyed them now all  
my young are cock singles all  
the hens must have been  
mismarked too are on the nest  
constantly as if they will lay  
anytime but no egg sometimes  
two cocks will do that way  
This pair of tailmarks are  
good color nicely but not

perfectly marked none of my  
tailmarks are the finest  
quality that the chest white  
are I have never seen any  
that are, if you are inter-  
ested in these let me hear  
from you soon I will hold  
them for you for a week  
I have a number of more  
which I had more to sell  
hoping to hear from you

Sincerely

Louis Stucke

P.S. I forgot to tell you the price  
\$8.00 they are just a good stock  
for as T.M. go

- S.M. Shadeed

M-Swad, a Homer of Syria. This is the black variety of the Dewlap.

~~\$25.00~~ pair

Barbarisi—The Syrian Turbiteen with breast frill. In Reds, Yellows, Blacks and Blue.

\$15.00 pair

M-Fattel, another Dewlap pigeon which could be called the Syrian Frillback. Abrush variety, a white bird with colored tail and cheek patches to match. Also Self Whites and a splashed-Maggie design called Ash-Ari.

\$10.00 pair

Red Schickli or Lebanon. Same beauty in yellows.

\$15.00 pair

Black Schickli, the beauty of the Lebanon family.

~~\$10.00 to \$25.00~~  
pair

Ablah, a Dewlap with Homing ability. Dark Blue Checkers and Black barred Blues. They have a white forehead spot and neck-side spots which sometimes make the variety referred to as the Earring Dewlap.

\$25.00 pair

Send Money Order or Cashiers C

Syrian Colored  
Tail Owl

\$10.00 pair

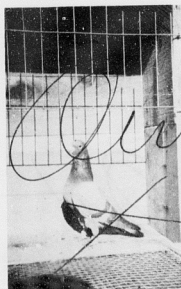

Blue Schickli, another color variety in the Lebanon pigeons.

\$10.00 to \$15.00  
pair

Emari — Bronze-barred Blues and Checkers. Still the Lebanon variety.

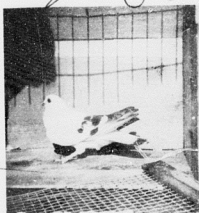

\$10.00 pair

S. M. SHADEED, Importer

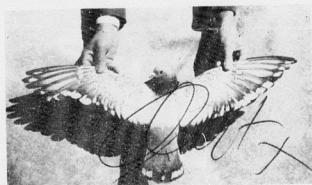

202 W. Minister Drive,  
JACKSONVILLE, N. C.

Check To Insure Prompt Shipment

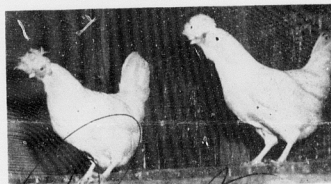

Dhuze, the Syrian name for our Damascus. A beauty pigeon for sure.

\$7.00 pair

Mish-Mishi—Another beauty of the Lebanon pigeon in Light Blues, laced & barred. White.

\$25.00 pair

Syrian Crown Chickens. A standard breed of average size imported from Damascus, Syria. These chickens come either bearded or plain but always with a vertical feather crown that approximated 2 inches in length. In white only, these unique chickens give the appearance of wearing a bowl-shaped crown of feathers over the entire top of the head.

**Hindi**, the Flying Fantail of Syria. Selfs in yellow, red, blue and white. 28 to 36 tail feathers.

**\$25.00 pair**

**Kara-Kand Tumbler**, very similar to above, the difference being a white tail with black or blue body coloring. Another hi-flier.

**\$25.00 pair**

**Tal-Laji Tumbler**. White tailed and white flighted with white across the head. Black and Blue crested. Red & Yellows are double crested!

**\$10.00 pair**

**We Do Not Guarantee Sex.**

## Pigeons from Damascus, Syria

**Beauties of the Orient!**

**Halabi** — A Syrian pigeon of deep coloring in yellow, red, black & blue with white tails. Also crested or plain.

**\$15.00 pair**

**Sabunia Tumbler**. A beautiful soft cream color with sulphur colored neck and bars. Plain headed and muffed.

**\$15.00 pair**

**Sherazi Tumbler**. A unique pigeon with white neck and Turbeteen markings. Colors in red, yellow, blue & black. Muffed or clean legged. Probably originated in Persia.

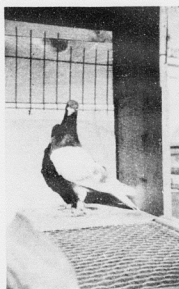

**\$25.00 pair**

**Bagdadi or Persian Carrier**—Sometimes crested. The Homing Pigeon of Syria and Persia. These Bagdadi have been known to improve Homers when crossed on same.

**\$15.00 pair**

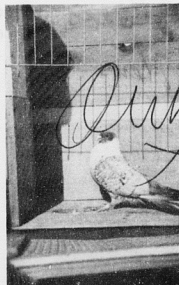

**Ma-Wardi**—One of the group of Syrian Dew-lapped Pigeons. Beautiful wine-red and silver markings, topped by a unique design of white feathers on the crown of the head.

**\$8.00 pair**

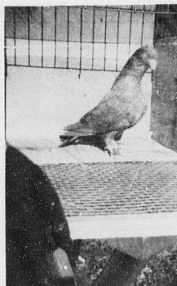

**Gergatti** — The Syrian Swift. Interesting colors in Indigo Blue, Black, Red, Dun & Red Checker.

**\$25.00 pair**

**Bay-Ramli**, the Lebanon in Blacks and Blues.

**\$10.00 pair**

**The Syrian Carneau** —Good breeders in Reds and Yellows. These birds resemble the American Carneau almost identically!

**\$10.00 pair**

**Reehani**—A Syrian auto-sexed variety of silver and white. Other unique colors.

**\$10.00 to \$25.00 pair**

**Youngsters and Spotted  $\frac{1}{2}$  Price.**

EASTERN FANTAIL CLUB OF AMERICA

DUES NOTICE

Another year has rolled around, the breeding season is almost over and in a very short time the show season will be upon us.

I am sure you are very busy, and did not realize that your dues in the Eastern Fantail Club for 1960 are past due. To be certain that you continue to receive all club bulletins, show notices, and show reports, please send \$3.00 to the Secretary as soon as possible.

Respectfully yours,

Forrest W. Strawbridge, Secy.-Treas.

July 25-1960

Dear Mr Powell:

You wrote me back in January inquiring about Doves: - I think I answered you at the time and told you that I haven't any Doves for sale. Well at this time I have a young pair of White and a young pair of Ringneck. These are about three months old. - still a little young to tell the sex - however it looks very much like a pair in the Ringneck.

If you are interested, the price on these are \$4.00 a pair in either or both pairs for \$7.50

I will hold these for you for about a week - If you want these Doves, please

answer soon -

I also keep Racing Homers  
and Birmingham Rollers -  
Have some for sale most of  
the time - Can give you  
more details if interested -

Thanking you

Yours truly

EASTERN FANTAIL CLUB OF AMERICA

Young Bird Show

WHEN ? Sunday, August 28, 1960

WHERE ? Reading Fairgrounds - Poultry Building - Reading, Pennsylvania

We are meeting in conjunction with the Reading Pigeon Association and this club is presenting a trophy for Champion Fantail. Check the poop sheet for additional awards.

I hope we will have a good representation of fantail members, as there will be a business meeting immediately after completion of the fantail judging. Return your completed entry blank to the Reading Pigeon Association secretary.

Sincerely yours,

Forrest W. Strawbridge,  
Secretary

JAMES R. POWELL  
R. D. 1  
CARBONDALE, PA.

Mr. & Mrs. Walter Jewell  
RD # 1  
Carbondale, Penna.

Tell Twp. Jr.-Sr. High  
Simpson, Penna.  
November 15, 1960

Dear Mr. & Mrs. Jewell,

Recently a contest, The Voice of Democracy, was conducted in our local High School under the sponsorship of District 10, Veterans of Foreign Wars. The purpose of this contest is to make all citizens conscious of our freedoms and our responsibility in maintaining and extending these freedoms.

Our son, Robert, was

one of the five finalists in this contest.

The school feels that the ideals of Democracy must be nurtured in the home. Robert's participation in this contest shows that you, as parents, have met and fulfilled this responsibility. In addition, friendly competition is a great character-builder for tomorrow's men

challenge. We, at Tell are proud to note that Robert is training for that challenge. We are happy to have him as a member of our student body.

In behalf of the Faculty, I am most privileged to say, "Thank you."

Sincerely,  
Mrs. Walter Waschelski

## MEMOS... A+

DATE.....

Robert,

This is a most attractively done piece of work.

You seem to have a flair for writing - Would you consider the journalistic field as a career?

Your introduction is excellent - will you read this in English class? -

About prepositions - they seem end a sentence.

Your footnotes are done well.

The diagrams show neatness and care.

STYLCRAFT, BALTO 30 MD. PRINTED IN U.S.A.

(over)

I would place the outline before the text.

The error in this excellent piece of work was infinitesimal.

Congratulations on a very thorough research paper.

I think in your appendix, it would have been a little more effective, if you had used an itemized form.

Your work is an excellent demonstration of your ability. I do hope this will give you an incentive to continue to do your best.

I agree with her - If there was anyone who deserved to be considered "top" in research, you surely do, because of all the time & effort you expended in the preparation of your research paper (book) A+++++ J.M.H.

and I came home from PSU  
for term break, we moved  
from Riverside Farm to the  
Russell Homestead.

174 Jewett Parkway,  
Buffalo 14, N.Y.

My dear Bob

For weeks I've been wanting to write you my thanks for the beautiful letter you wrote me. I loved it. Thank you.

I've been so busy in school and preparing for a lecture I had to give this week before the Training class of College graduates that I've seemingly had no time for an extra gesture.

Well, the lecture is over and am I relieved??

I keep thinking about you and Don - about your heavy schedule in these last few weeks. All power to you! May you accomplish all that you yearn for and may you have lots of fun along with the accumulation of

II

Senior Class duties. You both seem load  
over loads in school activities - year book  
etc etc etc.

Well have fun!

I just can't think of you as already  
ready to enter college - it just doesn't  
seem possible in spite of your age, your  
height and your weight. You are still  
a little boy to me.

Jay and I saw Canada Geese resting on  
"the pinks" during their migration - It was  
estimated that <sup>there</sup> were about 35,000 of them.  
They just covered the water and the sky  
about was black with them. What a  
sight! I was speechless.

We saw two snow geese and one blue goose.  
Then one day down at Niagara Falls we saw  
a Harlequin Duck - my first.

<sup>15</sup>  
He hasn't been able to do much birding  
because no one took too many coeds  
- they especially and less would develop  
into Laryngitis so he had to be careful  
about exposure.

Her ad is in the New Audubon's classified  
ads. I hope she gets some response through  
it.

He is selling her birds but the orders  
are slow and too far apart. He is  
anxious for more activity.

The Buffalo Courier Express (to Jay's sur-  
prise) sent a reporter and a photographer out  
here to take pictures of her at work. When  
it appears in the Sunday paper section I'll  
send you one.

He is gradually getting more & more publicity.

IV

on her ceramic birds.

You two boys and Elizabeth are launching forth at the same time. Wonderful.

And then the big project your mother and Dad are working on! What a household of projects! And I'm sure Russel is up to his neck in something too.

I do think about you twins and Russel an awful lot. I don't prove it by writing but you are very much in my mind and constantly in my prayers. I think of you three as being rather special just as I've always thought your mother was particularly special.

Please know that you mean a lot to me and may you grow into manhood most victoriously!

With the best of wishes and deep affection  
Yours and Aunt Eleanor

Dear Robert,

In honoring this year's graduates the Woman's Council of the Berean Baptist Church invites you and your mother, as our guests, to a supper at the Berean Baptist Church on Wednesday evening, June 7th, at 5:30 P.M.

An interesting program is planned after the supper meeting.

Please reply on the enclosed reservation card by June 1st.

Sincerely yours,  
Betty Hauenstein  
Sec'y.

[ Carol Dianne, one of my high school  
sweethearts! L'amour, L'amour! ]

Aug. 1, 1960  
8:10 A.M.

Dear Bobby,

You may get my letter before I get yours but I had nothing else to do. I started to write it but then I couldn't even understand my own writing and I didn't think you would.

Tell Donnie thanks for the driving lesson Monday nite I liked it very much. I hope the car is running alright for you.

Bobby are you going to Teen Town Monday? I hope so.

When I got home Monday Night guess who I found on the porch, my brother he asked me where I was and I told him but he didn't yell.

Bobby do you promise to write to me when you go to Penn State? (Sob)

I hope you say more in a letter than you say on the phone or at Teen Town. (Ha, Ha, Ha,)

I did start to write this letter but typed it instead. See how I get all mixed up when somebody even mentions your name.

Will Donnie still go to Teen Town now that Dorothy is going away?

I always get a very funny feeling in me when I think someone who I think is great is going away in September. You will send me the address won't you.

Please don't show this letter to anybody. But yourself.

Are we still going swimming Friday? I really don't want to go.

Bobby you must know by now what I think about you. But I could never come around to telling you, but I guess maybe when you're writing a letter it is easier to say something than when you in person. So I might as well tell you. I like you a lot you Bobby and don't think I will ever find another one like you. Please don't get mad that I am telling you but it has to come out sometime.

Did you go to the lake Tuesday? I wish I didn't have to work.

Are you going to call me or is letter taking the place of the phone call I really don't care. But I would like to talk to somebody.

My brother just came in and asked me who I was writing to and I told him my cousin.

I am listening to "Does Your Chewing Gum Lose its Flavor on the Bed Post Over Night."

Are you going to the movies Wednesday? If you go maybe I'll see you there which I hope I will.

The Pest,  
Carol

P.S. Answer my letter please.

Look under the part where it is sealed,  
S.H.B.K.

I                      Wednesday  
Dear Bobby.            After work.  
How are you? I thought  
I'd write, I was sitting home  
doing nothing.

Did your brother hear  
anything from Dorothy?

I hope you don't think  
I am petty but I hope you  
know how it is.

I had to think of some  
way to get in touch with  
you.

Would you please send  
me Dorothy's address.

Bobby where were you  
about 10:00 P.M. Tuesday  
night? Were you going down  
toward Carbondale? If so  
I saw you. (Thrill, Thrill)

I hope Donny isn't mad  
at me because of all the  
snart remarks I was making  
Monday. Tell him I am sorry  
if he is mad.

I wanted to drive so bad  
Monday but I was afraid may-  
be next Monday.

II

Bobby did you ever like  
Claudia? If you did do  
you still like her? You  
must think I am crazy but  
I am not.

You didn't even tell me  
you liked the letter I had  
in my suit or about the  
closing with the P. S. in my  
other letter.

Bobby and if you do answer  
this letter which I hope you  
do, please write it sensible,  
not all mixed up stuff.

My brother got <sup>his</sup> new top  
boy is it sharp. White  
outside & black inside.

Remember at Tree Town  
you said you wanted a  
sweater like that blue  
or well guess what? You're  
getting it for Christmas or  
maybe for your birthday.  
About what size do you  
take? I'll give it to  
you when you come in  
for Christmas I hope I see

III

I see you.

"Did you see the song  
"Hazard of Love"? It's terrific  
isn't it?"

Does Denny like it any  
or is she just a past-timer?

"You may think this is ~~terrible~~  
terrible by me but when am  
I going to start seeing you a few  
times a week instead of just  
1 day a week it's gets very  
boreome down here. But if  
you don't care it could be  
in one ear and out the other.  
But I hope it doesn't.

Carol

O - I write me a sensible  
letter. Even if you have to  
write it at the golfcourse.

Until Monday be good.

August 11, 1961  
Friday

Dear Bobby,

I received your letter last night and was very happy to hear from you. The reason it took your letter four days to get to me is because we moved from McLean Gardens to Hunting Towers in Alexandria, Virginia. I figured if I answered your letter immediately... you would write more often. What took you so long getting the first letter written? Did you draft it a couple times like Lilly says to? I am going to make this letter a long one (like yours) OK!

You started your letter "Good Morning" & I got it at 6:30 P.M. ... so I was confused right from the beginning.

You said that you hate writing with a pencil (and I want you to answer this letter) so try this!

Don't say I didn't send you a gift from Washington, Ha! Ha! Ha!

My job is just great. It's just like my dream come true -- being a secretary in a huge office building -- in a large city like Washington. My new boss is so very nice. He explains just what he wants me to do & helps me along. We get along swell!

I haven't heard his story about Dorothy and Bonnie -- and then the letter. wow! I don't understand it, please explain in your next letter.

I wrote to Dorothy about once a week & she gave me her address in Philly so I could send <sup>(letters)</sup> it to her there. Dorothy really proved to be a better friend of mine than Elaine. Elaine doesn't write to me & I don't write to her. I wrote Elaine one letter & she answered it but it just seems we have nothing to say to each other whereas I could write a book to Dot & she writes books back.

You won a goodie dog for me at Rocky Glen -- remember -- I do! Well -- how in the world did you lose 24 lbs. -- I was sure that would be an impossibility for you with that enormous appetite you have. (HAI HAI HAI)

Speaking about food -- I'll have a Cheeseburger too! Make it well done. I'll be up<sup>on</sup> your golf course for a job shortly -- I can afford to gain a few lbs. -- all that food! Yours / Carol

- 3 -

I saw "The Parent Trap" out here a few weeks ago (or a late) & I thought it was very good. That's all we did was laughs. It was so very funny. I thought there was a real good plot to it too. I haven't seen Ben there yet but I hope to see it soon.

I love to swim! (I know how too!) There is a swimming pool with our new apartment. It's beautiful!

I'll bet you can hardly wait to go to college. I can't blame you. It's really good to get away from your home town. I found that it really helped me a great deal to break away from Simpson. Of course, I do miss my parents, my brother, & my friends but nothing can be done about that. I really hope you'll like it! (I know you will!)

I'm pretty sure I'll be home for Labor Day & then Thanksgiving day so maybe I'll see you?? Also I'll probably be home for Christmas (Jan. 7)

We really think the song "Dare your Cheery Swain" is a corny song. It's always on the radio down here.

I'm glad you got your car inspected. My father doesn't inspect cars -- darn it!

-1-

Five of us girls moved into a luxurious apartment in Alexandria, Va. One of the girls is Katay Turbide the girl I introduced you to at Tech Town remember ?? We have two bedrooms - two bathrooms - a kitchen & a half - a living room & a dining room. Carpets 3 inches thick cover the floors. There is one other girl from Pennsylvania -- and two from Alabama. We all get along just fine!

I heard you're having a ball with Carol Banks -- right ?? He's a real nice gal? What do you think?

Well, I'll close now hoping to hear from you & see you Labor Day, maybe.

Please write back soon to my new address on the envelope.

Love,  
Claudia

**Total Is 5,685**

## Freshman Class at PSU Includes 170 from Area

Pennsylvania State University's freshman class of 5,685 students includes 170 young men and women from the Scranton area, 48 of them residents of this city.

The official list of first term students announced by PSU includes 3,661 in attendance at the University Park campus, plus others studying at various off-campus centers throughout the state.

Regional PSU freshmen, with place of enrollment indicated, are:

Avoca: John P. Farrell, 224 Lampman St., and Robert J. Maleski, 606 Packer St., Wilkes-Barre Center; David C. Johnson, 1101 Main St., and Elaine Stancavage, 1232 Main St., campus.

Dupont: Vincent D. Casey, 322 Simpson St.; Michael J. Czar, 305 Lincoln St.; Daniel P. Kulick, 211 Quality Row, and Raymond J. Piorkowski, 308 Smith St., Wilkes-Barre Center; Ann Marie Celusniak, 206 Wyoming Ave., campus.

Duryea: Joseph P. Resavy, 539 Foote Ave., campus; Bernard J. Yasulitis, 532 Green St., Altoona Center.

Pittston: Howard P. Beiderman, 48 William St.; Margaret M. DeAngelo, 45 Tompkins St.; Benjamin T. Smith, RD 1; and Shendon J. Mertz, 180 William St., campus; James J. Flaherty, 49 Vine St.; James F. Kane, 21 Fulton St.; Allan T. Keeler, 349 Parsonage St.; Daniel N. Kolesra, 1 Benedict St.; Paul M. Yarkin, 110 Union St., Wilkes-Barre Center; Theodore J. Marmo, 127 Market St., Hazleton Center.

West Pittston: Paul C. Dietrich, 215 Spring St.; Anthony Killiri, 332 North St.; Peter D. Lucchino, 203 York Ave.; David G. Norris, 532 Delaware Ave., Wilkes-Barre Center; and Ronald E. Searfoss, 101 Philadelphia Ave., campus.

Tunkhannock: Ralph W. Blackwell, RD 2, and Donna Lee Schaefer, Box 26, campus.

Factoryville: Earl I. Rosengrant, RD 2, campus.

Meshoppen: Irving L. Perry, Allen St., campus.

Neen: Nik Gene Fritz, Markedon, Hazleton Center; Claude A. Surber, RD 1, Wilkes-Barre Center.

Dalton: Arthur S. Briggs, 114 Lincoln St., Mont Alto Center; Linda Mae Eckel, RD 2; James C. Kromer, 106 Hess St.; John R. Ruland, 104 Miles St.; Joseph B. Simoncelli, 525 Bank St.; Bruce G. Smith, RD 1; William Tyriw, RD 1, campus.

Archbald: Francis P. Craig, 131 Pine St.; Joseph F. Holmes, 360 Main St.; Andrew A. Yurkamin, 14 River St., Scranton Center.

Carbondale: George T. Carachilo, 6 Lathrope Ave.; Donald W. Powell, RD 1; Silas R. Powell, RD 1, campus; James Kelly, 205 Washington St.; Joseph A. Scalzo, 174 North Scott St.; Kevin J. Slick, 15 Laurel St.; Joseph A. Vodziak, 73 Wayne St.; Bernard M. Willis, 14 Beech Ave., Scranton Center. Clark's Green: David R. Nieuwstad, 508 Main Ave., campus.

Clark's Summit: Douglas J. Taylor, 110 East Grove St., Scranton Center.

Dickson City: Walter D. Adranovic, 703 Lincoln St.; Edward K. Prokop, 140 Brick St., campus; Stanley Burdyn, 1107 James St.; Richard A. Yurkovic, 637 Ash St., Scranton Center.

Throop: Thomas J. Repecki, 228 Rebecca St.; Alexander Solomko, 908 Sanderson St., Scranton Center; Joseph F. Sproha, 14 Hulse St., campus.

Blakely: Raymond S. Angeli, 225 Main St., Scranton Center.

Olyphant: Alfred T. Barkofsky, 624 East Grant St., Scranton Center.

Dunmore: Samuel J. Acculto, 230 South Apple St.; Anthony J. Baldere, 108 East Elm St.; Joseph J. Calli, 331 South Blake St.; Louis J. Chiavacci, 115 Homestead St.; Michael Margotta, 336 Cherry St.; Charles A. O'Brien, 1601 Roosevelt Ave., Scranton Center; Carol Ann Kearney, 1710 Quincey Ave.; Ronald A. Milner, 209 Harper St.; Gary F. Schwartz, 1718 Monroe Ave., campus.

Elyon: Edward J. Chervinak, 144 West St.; Frank M. Negvesky, 178 Handley St.; Francis A. Yushinsky, 217 Simpson St., Scranton Center.

Fleetville: Mary Anne Kashmer, Box 61, campus.

Jermyn: Robert B. Fisher, RD 1, Scranton Center; Joseph S. Hallowich, 15 Carey Rd., campus.

Jessup: Albert D. Alunni, 1104 Church St.; Mary Ann Troanovitch, 108 McDermott St., campus.

Mayfield: Phyllis Olinnyk, 700 Poplar St., campus.

Moosic: Clairmont P. Carter, 544 Orchard St.; Suzanne M. Marmo, 208 Main St., campus.

Moscow: Matthew C. Koliba; Donald E. Syren, RD 2, Scranton Center; John B. McAndrews, RD 2; Robert E. Patton, RD 2; Mary Ann Yedinak, RD 2, campus.

Old Forge: Joseph P. Brigido, 507 Mary St.; George G. Dolgash, 717 Oak St., and Carl E. Gatto, 312 Sussex St., campus; Angelo E. Anastasi, 705 Fallon St.; Anthony J. Ciliberto, 304 Kennedy St.; Eugene C. Furey, 229 Alicia St.; Charles H. Gallia, 519 Clark St.; Thomas A. Gatto, 633 George St.; Christóphen Rinaldi, rear 149 West Oak St., and John J. Taroli, 400 Bridge St., Scranton Center.

Taylor: Marsha Ann Mazzei, 124 Washington St., campus.

Waverly: Thomas E. Hopkins, 110 Lynnwood Rd., campus.

THIS SPACE FOR WRITING MESSAGES

Hi Babe,

I'm having a lot of fun. You should see this place, it is gorgeous. I didn't expect to see a home on the bay as nice as this one. The owners are terrific people. We came home from the boardwalk about an hour ago. It is now 12:00 P.M. I think Babe & I are going to Atlantic City on Sat. I got your letter. I'll answer when I get back to Phila.

Dorothy

The Butties,

<sup>1/2</sup>  
I'm sorry I didn't send  
you a post card. I just came  
back from the shopping center  
& forgot the card again. Since  
I don't intend to walk down there  
for a few days I decided  
to write a letter.

How are you doing my  
thin friend. Did you gain any  
weight? I stopped dieting. It  
is too much work. How is  
Lard? I wrote her a letter  
Tuesday. How is teen town -  
dead or alive? You can tell  
Don if he doesn't expect to answer  
my letter. I don't expect to write  
him another one.

I saw Eladus at a drive-  
in movie, Sunday night. It  
was okay but not as good as  
I expected it to be.

I got a big charge out of  
the three year old kids around  
here. One boy loves to walk  
around nude. One boy loves  
to say no. Others throw chairs &  
toys off the porch. I really get  
a charge out of one boy, Billy,  
he can barely see and he calls  
Meg, Leg. When I hear him  
say that I just crack up.

I was interviewed for a job on Tuesday. I didn't like the offer so I refused it.

Actually I don't need a job, because I am going to be married next Saturday. I am marrying a very rich man who is 80 years old and has three young weeks to live. My mother and sister ~~don't~~ know of my future marriage, so keep it quiet. You the first one I told. You should see the house I'm going to live in. It contains 20 rooms, 2 police dogs, 1 house hold maid, 1 private maid, 1 chef, 1 butler, 1 doctor, 1 nurse, 12 baths, air conditioning, wall-to-wall carpeting & a swimming pool. It is worth \$3,000,000. I got a beautiful diamond ring yesterday. I got a mink stole & coat on Tuesday. I wonder what I'll get today. How did you like my story? Too bad it isn't true. Maybe someday part of this will come true. Right now there are quite a few young married couples on this street. Most of them are in their 20's but one couple looks about 17-19 - they have one or two kids.

Well, that's it for now. I'll have a good story next time. Don't forget to come to my wedding. It is at 1:00 P.M. (Ha Ha)

Dorothy

Write soon, no need to follow Bonnie's foot steps.

Carlisle, Pa.

August 30, 1961

Hi Bobbie,

I'm back from bumming  
the sea shore. I had a  
wonderful time. The place I  
stayed at was just beautiful.  
I'll tell you about it when  
I come home. I went to  
Atlantic City on Monday,  
because it rained on Sat.  
We saw "The Chordillos" on  
Steel Pier. They were good.

I'm not coming home for  
Salvador Day. I thought I was  
but when I came from  
Ocean City yesterday my  
sister said, "Mom called on  
Sunday and they are not  
coming down for Salvador Day."  
my father has to work &  
he can't get off because another  
guy quit up there. They are  
definitely coming down the  
week-end after Salvador Day.  
I will probably come home on  
Sunday - Sept. 30, that is if  
things don't go wrong again.

I was invited to a  
party down the ocean but  
I can't go because I am  
coming home on that week-  
end. The girl I stayed with  
is having an engagement  
party on that week-end.

2.  
I got a real nice tan  
while I was away, but by  
the time I come home it will  
start to fade.

My sister said she thinks  
she will be going to the  
hospital on Sunday, maybe  
after. Well it is just  
about time & I'm a little  
shaky because I'll have to  
be a mother to Greg for about  
3 or 4 days. He is pretty good  
now & we are getting along.  
He let me give him a bath  
yesterday & today & doesn't  
bother his mother. I guess  
he understands the situation  
in his own way.

Yes, I'm coming home, but  
am I going to be happy when  
I do get there? I hope you  
know what I mean. Right  
now I don't know what you  
think of me but regardless  
what the answer is, please  
tell me the truth about Don  
& I. Is he interested in me  
at all or is he after Wendy.  
I wrote Don three letters &  
got an answer to one. I am  
getting the feeling he is sick  
of me & doesn't have the  
nerve to tell me the truth.

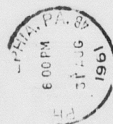

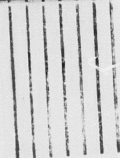

3.

He may think it is better for  
him to stall time & then not  
tell me at all, but it isn't.  
I've been hurt in more  
than one way but I have  
never felt the way I do  
now. I not only feel hurt  
but I also feel like a low  
down bum. I can't very  
well explain why I feel  
this way because you wouldn't  
understand, maybe I am  
doing the wrong thing by  
asking you to tell me the  
scrap that I have to find  
out. Please answer before  
I come home & don't feel  
as if you were hurting  
me, by telling the truth. I  
have an idea what is in  
store & I'm trying to brace  
myself. Remembered the whole  
truth & nothing but the truth.

To Long  
Dorothy

Don't tell Mom what I asked  
you to do, because he may  
talk you out of telling the  
truth.

Answer quick, please.

AD 8-2285 OR AD 7-2708

September 12, 1961

### Greetings:

It is our hope that, during your years on the University Park campus of Pennsylvania State University, you will choose to seek to be a Christian student and thus to fulfill both your commitment as a Christian and your vocation as a student.

If you do choose to attempt this difficult task (and we hope you will), you may discover that your chance of success and your likelihood of satisfaction would be greatly increased by participation in a church. We invite you to become a part of the life of the University Baptist Church of State College, which offers a full and varied program of student activities (on behalf of the local congregation, the Pennsylvania Baptist Convention, and the American Baptist Convention).

Besides its regular Sunday schedule --

- 9:30 A.M. -- Research into Religious Truth
- 10:30 A.M. -- Fellowship Period
- 10:50 A.M. -- Existential Relation to What Is Worthful (Worship)
- 6:30 P.M. -- Student Fellowship (Laboratory for the Mission of the Church) --

University Baptist Church promotes special undergraduate and graduate activities and study groups "where you live." As part of the University Christian Association, we help sponsor additional opportunities for worship, study, and action.

We urge you to come to the ORIENTATION MEETING this coming Sunday evening, September 17th, at 7:00 P.M., to meet some of our active members, to learn more about the program, and to enjoy a sample of University Baptist Church student activities. If your friends are not attending other groups, bring them along. Either come to the church building (411 So. Burrowes Street--the street that runs south from the statue of the Nittany Lion!) or meet in the Small Lounge of the Eisenhower Memorial Chapel for transportation.

We look forward to meeting you and working with you to make the most of these years. May God be with you.

Robert Boyer, University Baptist Chaplain  
(for University Baptist Church)

P.S. - Please return the enclosed post-card, if you plan to attend the Breakfast for New Students, 8:30 A.M., September 24th, in the Social Hall of the University Baptist Church.

Friday Note

Dear Bob -

It was good to hear from you. We got your letter this morning, it takes quite awhile for a letter to get here.

Your letter sounds as tho you are getting "in the groove" a little bit.

Who is your roommate and where is he from?

I hope your shoe leather holds out with all the walking you are doing.

I haven't looked to see if your "Matriculation Card" is here but I will, even tho you don't need it.

Your meals sound pretty good. I hope you are getting enough. Are the meals all Cafeteria style? Do you sit at small or large tables?

We forgot to take your skates with us, and I wonder if maybe you would like the insulated underwear for the football games, it sure gets cold watching the games later in the season.

I'm anxious to hear how the golf game came out. I hope you made a hole-in-one. Tell us all about it.

I have been over at the golf course all week - not much business. Dad comes over in the late afternoon and I come home and get supper.

Russ has gone to the show tonight.

So many people speak about you going to Penn State - I think everyone saw your picture

in the paper.

The men are still picking stone, going over the Course the second time. The grass is starting to grow on some of the greens, Walter thinks he'll have to soon cut one of the greens.

Heiner has three bedrooms patched. Tomorrow he is going to sand them. Sunday I am going to take the paper off the other bedroom.

Nip and Skip are <sup>housome</sup> ~~best~~. They sleep all the time - maybe they are making up for lost time.

I found a book - United States to 1865 - is it yours? Do you want it?

Will you have to get up early in the morning?

Why in the world were you typing at 1 in the morning? Weren't you tired?

This letter seems to be full of questions, but I guess it's the only way I'll find out.

Your address sure takes up all of the envelope.

Pollock Hall sounds super-duper. Maybe you could ask for a transfer if there is a vacancy for the next term. I don't know what the procedure would be.

Have fun, enjoy yourself but be careful in choosing your close friends.

Love,  
Mom

"adequate" housing, at best.

R. D. 1

Tuesday mite

Dear Bob -

Things up North are (were) just as hot as they are in the South-west. It sure was hot over the weekend. It is getting much cooler tonight. I started a furnace fire when I came home, the little bit of heat feels good.

We Couldn't see you on television because you were on and we Couldn't hear you because the Mountains were in the way. Do you know that one of the star players, Jones, is from West Scranton? Did you enjoy the game or just the crowd? Walter was excited and interested to see who won - he said "I bet they appreciate those two boys yelling for them to win."

I'm glad you can play records when you want to. The French record came. It is nice. Russell enjoys it.

We had the television fixed at the Golf Course and now we get 16 & 28 just as clear as 22. We had to have a new tube in the set at home too - we Couldn't keep 22 on - it kept going off. Is there anywhere you can watch TV? Victor Borge is going to be on tomorrow mite.

Where did you go to swim? I don't remember seeing a gym anywhere. I'm glad you passed your swimming test.

Your letter sounds as tho you could use a little sleep. Don't you dream the rest of the night after your pizza & hamburgers? Oh, my stomach! 'I'!

When you get your schedule all organized, let us know what it is - what you take - when - etc. the girl you met from South Gibson must be the one Ruth Sherr said was going to Penn State.

Bab - I really mean this - you must not skip breakfast. I know I have preached this for years but I still say you should have at least juice and cereal or egg etc. You will do much better work if you have something in your stomach - Please !!

Are you sure you have all of your books - and you only spent \$25 - You sure are lucky.

All right - all right!! so you and the rest don't sleep in pajamas - you have them with you anyhow - save them for your grandchildren

Mrs. Lewis, that lived next door to Hauenstein's, that we peddled eggs to, died last Sunday. She is to be buried tomorrow.

Walter went down to Pettston at 7 O'clock this morning to see the motor he wants to get for the ski tow but the man he had to see to buy it wasn't there so he has to go back on Monday. He went down with Mr. Rogers that comes over to play golf. 88.3

It sure seems funny without you boys around. Your room stays so clean and straightened!! and I can see the dresser tops too - I have the blankets, spreads and mattress pads all washed.

It seems sort of funny and good too to have supper at home. I come home early, after Walter comes over to stay at the golf course, and cook supper. The first night Walter said, what, supper at a table with a tablecloth yet?

148  
Havaty has finished picking stone. Bill and your father are still picking some around the trees & greens. A couple of the greens are growing good, will soon have to be cut. The Fleetville Course is very dry - not much cutting to do because it isn't growing. Walter has planted a few trees around on the new Course.

Russ and I got the paper off the bedroom and Closet. The room that used to be Grandpa's has the first coat of paint. I wasn't in the house today so I don't know what he did. The other two bedrooms were sanded - he needed paint so I imagine that he patched the plaster in Russ's room & closet.

Last night we sort of decided on room colors we are having the old dining room as a living room - planning 2 rooms for the Club house.

The living room will be similar to the one we now have, the hall peach, Russ bedroom green like you had here, our room light blue, Grandpa's old room a pink and Grandma's room a little darker than beige. If you still want the attic - name your color - if you want one of the rooms on the second floor - name your color or doesn't it matter?

What has happened to Ron? Is he all right? We haven't heard from him yet. I think that it is the least he can do - to write at least one letter.

Skipper killed another one of Russell's chickens today - such a dog. Skipper is asleep on the davenport right on the edge - one false move and off he goes.

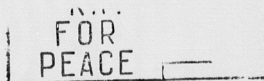

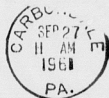

I imagine your classes started yesterday and you are getting down to the business of starting to work. Keep busy and do the best work you can.

You surely do write an interesting letter. It's a pleasure to read them.

Well, it's bedtime (I'm half listening to the television and I can't spell) so I'll say Good night - don't get too lonesome.

Write whenever you can.

Love,  
mom

Mr. S. Robert Powell  
Box 1218  
Room 21, Huttony 29  
Penn State University  
University Park, Pa

Dear Bob,

I

Did you arrive safely? I hope so.

I miss you already & you have been gone only a short while.

I was so glad to see you when you came behind the hospital with Donnie.

My mother has the teddy bear you won for me hanging in the kitchen.

Tell how do you like college so far? Are the girls out there cute? That's what is worrying me.

Did you wear my ring? Are you going to wear it all the time? I hope so.

I had a dream the other nite that I met your mother.

Monday nights are so lonesome without you. No going to Teen Town no Van's & the ~~the~~ drive-in. Now I loved it so. I never enjoyed my life until you started to go to Teen Town. You must think it silly of me to say but I did.

I started writing early. I was

just sitting <sup>at</sup> home doing nothing  
but thinking of you.

I think when we went to the  
fair I got a cold. Ed boy what a  
dandy.

I hope you like the lines that  
I picked out of the song "Missing You".

1 Missing you, can't help but  
wishin that you were in  
my arms tonight, making love to  
me.

2 I always spend my time just  
writing lines to you,  
Can't wait for you to write.  
saying you love me too.

There is some more lines from  
"Sentimental You".

3 I love you for sentimental  
reasons.

I hope you believe in me  
"Ed say we will never part."

Please don't get mad at what I  
said about the songs but what's  
true is true.

Madeline "Ed I are going to see  
"Come September". I found out at  
work it is all about college. (oh! oh!)

III

Will you take a picture of yourself at the campus for me please?

I got your picture enlarged & it very nice. You took a very nice picture.

I hope when you are writing it doesn't take you away from your classes or studies.

I will always write mine either seventh period or when its time to go to bed then nobody could see it & then read it.

Tell me what you do when you get up until you go to bed.

Tell Donnie I said hello. Ask him how he likes it?

I miss the phone ringing on Wednesday at 8:00 P.M. maybe a little after.

I don't think my first letter will be too long.

What time did you leave Sunday 17<sup>th</sup>?

I can't wait until I see you again but I guess I have a long wait, am I right?

Are there styles<sup>#</sup> down there  
like here? Do the girls wear  
their clothes short?

The song now playing on WABC  
is "Michael," But I put Bobby in  
instead of Michael.

How's the weather? Boy is it  
cold. It seems like Christmas, I  
wish it was.

I got a calendar in my room cross-  
ing off all the days patiently wait-  
ing until Dec. 12. That reminds me  
your birthday is on that day.  
I'll bake you a cake not saying  
if you'll live after you eat it.

Now "I got a One Track Mind" is  
playing.

The girls at the hospital were  
as sad as I ~~was~~ <sup>was</sup> when you pulled  
out of the hospital. Then I started.  
If you know what I mean.

"The way you look tonight" is  
playing "I like it very much."  
Every song I listen to reminds me  
of you. You'll never go out of  
my mind.

"Mexico" is playing. That has a  
nice beat to it.

I  
I thought I would change  
paper.  
I don't think my ink & paper  
matches to well.

Did Horachy say to write to her?  
I & Bonnie willing to Horachy?  
"You Must of Been a Beautiful  
Baby" because Bobby won't you  
look at you now? It's all I  
am not joking. Every thing  
in this letter, I am serious of  
what I say.

I just got finished with my  
Biology. He had to draw a micro-  
scope & boy what a drawing.  
He had to double the size in all  
lab books. So far I like biology  
but wait until we cut the frog.  
Jack. Out then.

I just got heard the "Fly." I  
don't like it. "Right or Wrong"  
just got finished playing on it B2.

I had a dream that your brother  
Russ was on the bus, it stopped for  
the red light at Hornbeck's and

he got out <sup>and</sup> <sup>VI</sup> said he was  
coming over my house. <sup>and</sup> that  
your mother would pick him  
up at ~~my~~ <sup>the</sup> house. He was telling  
me all about you.

"Cinderella how are you tonight  
is playing.

I got a nice scar on my leg  
from where I got burned. Remember,  
I ~~the~~ told you I couldn't play  
gym for one month, I broke it.  
I played baseball two days in  
a row because our coach wasn't  
there, his mother passed away.

Bobby, do you like long hair  
or short ~~on~~ a girl?

"Does Your Chewing Gum Lose  
It's Flavor on the Bedpost Over-  
Night?" Mine doesn't.

I hope you will answer my  
letters soon.

Every day I come running not  
walking <sup>and</sup> see if I got mail  
from a special matter in fact  
a very special person.

"When we <sup>VII</sup> Get Married" is playing."

I want to ask you do you have a radio or P.V. in your room?

I will take a picture of myself & send it to you if you still want it which I hope you do.

Well Monday night went by alright but I thought that the phone would ring about twenty after seven telling me you were going. This seems just like a dream. I still sit up nights saying oh! he'll come home soon. Then all the girls at work tease me about the girls down here. They say well Carol looks like Bob got a new girlfriend & whatever I have in my hand I throw at them. Which I hope isn't true.

What subjects do you have? Is it like high school? Do you have seven periods of subjects or do you go back for some of your classes say you have one at 9:00 & your next one is at 11:00?

I have your ring shining. I shine it every minute of the day.

When I want <sup>to</sup> remember you  
I just look at it.

Make me true, tell me what  
I can do, Make me belong to you,  
I don't want to be free like a  
wave on the sea. Make all my  
dreams come true, ~~Make~~ <sup>Set</sup> me  
belong to you, Make me your  
slave, tie me down, No place  
to go, but toss to <sup>and</sup> fro.

Is the coloring of your hair  
coming out a little?

Maybe when you come in I  
will be a little taller but I  
doubt it. Maybe a little fatter. I  
gained 10 lb at the hospital in  
a year.

Did you get any of Hurricane  
Esther?

"Mountain High <sup>and</sup> the Valley  
So Deep" is what? playing.

Did you see Quin Stick yet?  
Is he staying by your room?

Maybe if I didn't tell <sup>you</sup> all the  
places you took me like Rocky, Glen,  
Amesbury, dances, party, I never had

such good time, whether we work  
alone or with Lonnie. I have a blast,  
especially with a certain boy, mainly  
you.

Carol Colanichio & Jerry are back to-  
gether. I don't know if I ~~the book~~  
told you she was breaking up with  
Jerry but didn't.

Harriet & mine my brother broke  
up. This must be break up month.  
I hope it's not for us. And if we  
ever did God forbid I never but,  
never break up with someone special.  
Like Carol C. told me I have a  
good kid keep with him & I told  
her I will.

"Candy Man" is playing now it has  
a good beat. Every song has a good beat for me.

Excuse my writing & some spelling  
but I can't write without lines. But  
if I must say so I did pretty good.

I've been looking around for a  
sweater for my special honey.  
But so far I didn't see any I  
like. What color do you like?  
Gold, Black, red, Blue, Green are  
some examples.

"Take Good care <sup>X</sup> of my Baby" Is  
playing. I love when  
those sad songs start to play  
they are really getting me.

I think I am running out of  
ink. I just bought this pink pen.  
Did you hear "Cody" "Jazz"  
Boy is that terrific.

My math teacher wanted to  
know who's ring I had I told  
her <sup>was</sup> it must be weighing  
your finger down "It I told  
her of course not. She wanted to  
know if you graduated yet  
in that school. Of course I told  
her "FELL"

How much does it cost to ~~and~~  
call to Penn State? My mind isn't  
working. I haven't gone out since  
Sunday when we went to the fair.  
I don't mind it at all. I have no-  
body to see my man isn't around.

I miss you awfully lot. I  
cut out of the paper five clippings.  
Every seventh period I have memory  
time. That can I do to pass time  
here. Anything except going out. Maybe  
take up knitting or sewing. Collecting  
pictures of you now there's a good idea.

II

I never expected to write such  
a long letter.

When you answer this one please  
the try <sup>and</sup> answer them soon.

I went to a football game  
Friday Sept 22, 1961 And of  
course we lost 20-0 We were  
playing St John's.

When I was going home with  
the G I R L S I ~~sp~~ specifical  
gals well on with the conversat-  
ion. I saw a car just like  
yours with the boys in it  
I sorta took a fib I grabbed  
Marie's arm "I ~~practically~~ took  
almost yelled B O B B Y.

I found out when I went  
to the game that Kevin Shick  
goes to Penn State extention  
down Scranton. I guess you  
can't wear his sweaters  
now.

I haven't seen Russ on the  
bus lately.

XII

Bobby you can trust me on my honor I will not go out with any boy except you, I don't care what any body says. You are the only one I like. They say I will but on my honor I won't, I promise.

I can't wait until I go in your new house if you still want me. You're welcome in my house any time you little heart desires.

We didn't start our house yet I wish we would hurry up & start I am getting nervous.

I hope you like my little clipping I took out of the paper.

I didn't see Nosky or Carol to find his address but I will.

For a minute I thought you would never write. I thought you forgot all about me.

I am using all <sup>the</sup> different paper. I  
ran out of pink & green so now I  
have to use blue.

Madeline's address I won't know  
because she is moving to Oneonta,  
N. Y.

Is there anything between you  
& "chat girl"? From Clifford?

I have a football game Friday  
Sept. 29. We are playing Avoca.

I hope you don't get bored of  
reading such a long letter.

Bobby what was suppose to happen  
on Tuesday Sept. 19, 1961. Please tell  
me.

I just got furnished with a Litra-  
ture test. I hope I make a good mark.

I hope you will answer my letters  
much faster than the first one.

You must think I'm terrible for  
saying all that stuff. But I guess it's  
all true. I hope you ~~feel~~ feel the  
same way.

You must be wondering why my  
letter is so long it's because every  
night I add some more to you

letter & he's what <sup>it</sup> turned out to be.

He had a lot of trouble in our family. My grandmother was rushed to the hospital & my two cousins died.

He don't own our house anymore. He should be starting to build any day.

They paved Hospital street. Boy is it nice. See they paved it when you went away.

I am furnishing my letter in my study in the Saloon.

Marie Molinaro	<del>No</del> Carol Calanchino
36 Hospital St.	16 near Hospital St
City	City.

I hope you don't have any ideas about them. I am only joking.

Well I guess I'll close for now. Please write soon.

Love always  
Carol

P.S. I miss you very,

very, very, very, very, very, very,  
very, very, very, very, very much.  
Do you expect to come in before X-mas?  
Please say yes.

*B.B.* 'You Are Close'

By BEN BURROUGHS

There is no other one but  
 you --- none even half as  
 sweet --- whenever I am  
 close to you --- my life  
 seems so complete --- what  
 makes me feel the way I do  
 --- what magic things take  
 place --- whenever I am  
 blessed to see --- the won-  
 der of your face --- it's just  
 as though I drift upon --- a  
 cloud of golden dreams ---  
 to be with you is to set sail  
 --- upon enchanted streams  
 --- strange how one smile  
 can light my way --- with  
 faith and hope anew --- that  
 is how it is when I receive  
 --- a tender smile from you  
 --- now I have told you how  
 I feel --- when you are close  
 to me --- you are the master  
 of my heart --- your love  
 is Heaven's key.

My dear Bob,

Ever since you boys entered State, I've been wanting to write you two letters but my schedule has been so full and the time so few I do not accomplish as I hoped for.

You are getting adjusted, I know and happily so. So much that is new - so many people to learn to know - so many varied programs to follow - all of this has kept you busy and entertained I'm sure.

To begin with, I hope you like the general set-up, the educational atmosphere of the place - the friendliness of the students and the interest of the faculty.

Be your best self and you'll get along with people conditions and with your studies.

You have a fine personality and that counts for a lot.

I'm not just talking idly, I'm saying what I thoroughly believe to be true. Don't be ashamed to

II

let it be known you are a Christian.

You see I've spent a life time with boy students and I've learned a lot from them. Some boys just "haven't got what it takes" to make them into gentlemen but you have and have it in abundance. What an asset! (Also this and being handsome, too - no kidding!)

Constantly I pray that God will watch over you and that you will be inspired to be your best and do give your best. Under those conditions you will be the recipient of the other fellows' best.

Be helpful and considerate and you'll gain many friends just as you'll be a fine friend to many.

Keep well. Read something worthwhile daily (something beside your studies, I mean) Read a poem occasionally so you can keep active your aesthetic side - hear good music when concerts are available.

III

Oh, make the most of this wonderful year!!!! I'm so glad your parents could plan to give you this advantage. So many boys just don't have such a privilege. You've made Helen and Haller very proud of you all along the way.

I know you realize it but I enjoy repeating that I think Helen is a most remarkable woman and Haller an exceptionally fine guy.

This letter may sound "preachy" but it is sincere. I do not "preach" in every letter, I promise.

Yes too I'm very very fond of you Bob, and I have high hopes for you.

How about sports? What are you going in for? Have you seen many bird migrations on your beautiful campus?

I'm enclosing a clipping from the Carbondale News - I feel your history-loving-self would

enjoy the facts and <sup>IV</sup> the descriptions.

With real affection

"Aunt Eleanor"

Friday October 6th.

## Country of Upper Susquehanna Is The Soft and Lovely Land

The Indians called it "Tioga." The French called it "Carantou-Races," may have taken its name from a village near Foster's temporary home at Towanda. Even the poet Coleridge, though he never saw the Susquehanna, wrote about it and dreamed some day of setting up a Utopia on its shores.

In his book on the Susquehanna, the writer Carl Carner says that nowhere in America can the traveler sense the "unrecognized channels from ancient generations to our own" than on Spanish Hill, outside Athens on U. S. 309. On top of this low-lying hill, left by glaciers 25,000 years ago, several Indian civilizations have stood. Along with many Indian artifacts, medals and other materials from the Spain of 1538 have been un-

earthed.

Did Spanish buccaneers come their way through the virgin wilderness of the New World? Or were the medals traded by Indian tribes farther south until they found their resting place here? No one will ever know.

But history confirms that the Frenchman Emile Broule made his way down this stretch of river as an emissary from Champlain.

Today many travelers on U. S. 309 and U. S. 6 can view this magnificent stream without any trouble, for the highways skirt river banks and sheer cliffs for 70 miles. There is scarcely a turn that does not tempt the photographer.

In the Great Bend country, for instance, in Oakland, stands the house where Joseph Smith translated some of the golden plates for the book of Mormon.

To really know the Susquehanna, however, the exploring family must get on it in a raft or canoe.

## CARBONDALE (PENNA.) NEWS

Begin at Sayre and float the distance to Tunkhannock. You will find some of the best bass and walleye fishing in the Northeast. You will find some of America's most impressive scenery.

But most of all you will find history, perhaps nowhere more than at Azilum, set up by refugees from the French Revolution, at the heart of which was "Le Grande Maison"—a big palace for Marie Antoinette. She never escaped France, however, dying on the guillotine. Without its Queen the French colony gradually disappeared until today nothing remains but farm fields cradled in a gentle bend of the Susquehanna.

"I do not think there can be any part of the world more beautiful than this," Joseph Priestley wrote in 1794 as he settled in Northumberland. Today, as the tourist gazes down on the Susquehanna from Shikellamy State Park above the home once occupied by the discoverer of oxy-

gen, he can share the opinion. No wonder Coleridge, inspired by Priestley's description of the Susquehanna's beauty, was inspired to dream of a Utopia on the river, writing: "I love to follow the sweet dream where Susquehanna pours his untamed stream."

Today, of all the rivers in the Eastern United States, the Susquehanna remains the most untamed and one of the loveliest. The region is well served with resorts, hotels, and restaurants. For campers, two of Pennsylvania's most popular State Parks serve the Upper Susquehanna — World's End on U. S. 220 near Eagles Mere and Ricketts Glen on State Route 115 between Muncy and Wilkes-Barre.

For further information, write to either the Bureau of Travel and Vacation Development, Department of Commerce or the Office of Public Affairs, Department of Forests and Waters.

B O B B Y

Dear Bob, (Doll face)

How are you? Are you  
over your homesickness yet?  
I hope so.

I think Andy is getting  
a little discouraged about Tom.  
Tell him to keep up the good  
work by not writing. He still  
talks to each other & Mary.  
Hade talks to me now too.

Well Bobby, Penn State  
really has a good football  
team. I've been reading  
the papers. I tell my mother  
Penn State <sup>won</sup> ~~are~~ again & she  
asked me if you're on the  
football team & I said no  
I don't want him coming

II.

often. It gets lonesome not having anybody special to talk to see.

I hope you're not mad at my first letter? Please don't be.

I do hope your wearing my ring.

I picked something out for you for Christmas. I got my brother (Spickers) opinion he said "Boy is that sharp Carol that's really neat looking." I said you like it he said yes, I said do you want one it he just smiled.

All the girls at work said hello. Marion & Helen only came

III

had one. It's on H.A.R.N. about  
7:40 A.M. Maybe your still in  
bed at that time.

We have to be in school for  
8:15 A.M. & we get out at 7:10 P.M.  
for the World Series.

My little brother Bobby still  
can't get you straight with  
Donnie. He saw me writing to  
you & he said who you writing  
to Donnie Powell. I almost took  
a fit.

Mechel Mannion is in the  
hospital. She is up the General  
in Room 5.

You were right when you  
said Carol Swingle is a crazy  
girl your not kidding. She still

IV

I don't remember if I told  
you we had a football game  
with Avoca & we won 7-6.  
One of the freshman boys made  
the touchdown & a senior boy  
came in with the winning  
~~extra~~ point.

Bob do you think you'll be  
in on some week-end. I hope  
so I miss you an awful lot.  
Just so I see you & talk  
to you is my only wish. It  
seems like everything I say is  
I wish he would come in on a  
weekend. I wouldn't even go to  
work just to be with you.  
So you can't say I don't care  
about you. That be the last

I

letter 4 years old. From a  
boy who I use to like but  
not any more, that's for damn  
sure.

I don't think I will buy  
writing paper unless I find  
some nice one. I like to use  
a tablet because it has lines.

I've just got a letter from  
Dorothy.

I always write my letter  
before I get yours so I have  
 alot to say to you. Each night  
before I go to bed I get out the  
letter & add about two  
<sup>sheets</sup>  
~~pages~~ or more each night.

I hope you ~~can~~ <sup>will</sup> read  
what I wrote on the back

II

letter. You'll probably think  
I am crazy but you won't  
be the first or only one who  
told me. I'M CRAZY  
I KNOW. I feel so  
silly. I am writing this  
part from Oct. 4, 1961 on  
Wednesday night. Instead of you  
calling, I am writing.

"It now forever" playing  
it has a very nice slow beat.  
I miss waltzing with that  
tall, dark, handsome 6'4"  
boy ~~me~~ named Bobby Powell  
do you know him by any  
chance? I loved to see him  
I heard so much from a girl  
named Carol Bidner she

VII

"Bobby you Mustin Be a Beautiful Baby because won't you look at you look-out.

I could just see in my mind the picture of you <sup>and</sup> Donnie when you were about three years old with blonde hair. That's from your yearbook.

This time there will be no good night kiss because your gone. I hope I not really losing you. Some lines from a song the first one pay attention too but forget about the last one okay Bobby. Your my latest flame which means "Marie" is playing, they just interrupt the program with a bulletin

VIII

You aren't mad because I am  
writing such long letters if you  
like I could shorten it. I really  
don't care.

I'll give you my modern  
art ~~know~~.

CAND

AND

BOBBY

"ALWAYS <sup>A</sup> FOREVER"

IX

wreck to think of what you said in your first letter. I hope its not true.

Kendy told me Bonnie was sending her a package. Would you know what he is sending her?

Bob how much are the book covers with Penn State on them? If you have any money would you send me some about five of them if its not to much trouble & I will send you the money. I would really appreciate it.

Bobly I am sorry for what I just said. <sup>above</sup> Maybe you're getting the impression I want to break up but that's the

To Dad Don  
~~daughter~~ One of the  
 greatest kids I  
 ever met in my  
 life. I'll never  
 forget you I  
 hope its stay is  
 the way we are  
 now together.

-I changed  
 my mind Love Always,  
 this is to  
 you Don. Carol 1961

Thurs. morning

Dear Bob,

Thanks for your  
very interesting letter.  
I don't know why but  
I was of the under-  
standing that the Hub  
desk did not have the  
Overture of 1812. Thanks  
alot for the information  
about it. I don't think  
I've ever listened to  
Marche Slav, but I will  
as soon as I go to the

Hub again. I like  
~~just~~ just about all classical  
music, especially Wagner  
who is my favorite German  
composer. I really enjoy  
listening to his funeral  
music. I guess that  
is why I like the first  
part of 1812 because it  
is sorta funerally.

I will also listen  
to the prelude to Act  
III from La Traviata by  
Verdi. We used to  
have the recording

at home about 4 or 5  
years ago but lost it  
by lending it to friends  
who never returned it,  
so I haven't heard it  
for quite awhile.

I in Art Education  
and am a freshman. What  
year are you? I really  
like my courses in Art.  
I also have psych which  
I really enjoy. ~~also~~.

Do you ever listen  
to Swan Lake? I love  
it. I like the

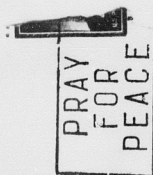

Nut Cracker Suite, especially  
the waltz of the flowers.

Where are you from?

I from a small town  
about 23 miles from  
here and have always  
liked Penn State. Well,  
I must terminate this  
letter because I have  
to go to Boucke for Engl.

Rita Snyder

[I can't remember who  
Rita Snyder is.]

October 12, 1961

Hi Guys,

Excuse only one letter for two cousins - but news isn't that plentiful.

Most important - and most often asked - How's school? Bet it's just great.

Liz loves Bloomsburg - but it was kind of rough at first - she's into the swing of things now. She sees Diane Wallace quite often, I guess. She'll be home tomorrow - her Saturday classes were cancelled because of a teachers' meeting or something.

We haven't seen any of your family in an age - In fact, I will have to call your mom to get your addresses.

Tonight was howling night - Guess what? None of the opposing team showed up! Guess they were scared of all of us mighty howlers! At least my howling was pretty good and fairly consistent for a change. 124, 123 & 126. Not bad!

The most interesting thing happened at the Salt Company on Tuesday - Dave

14  
You ever heard of the Glidden Tours? Antique cars ~~come~~ from all over the country come together for a trip once a year. This year they visited our area, Hershey & Harrisburg. Over 263 cars visited Leco. as part of the trip. What fun. We were all allowed to go out & inspect them & some of the people took us for rides in them - There was a 3 wheeled 1901 Knaf, a white Cadillac with white velvet seats & lining - Cream colored Kals Royce (how's that for a misspelling?) and hundreds of really fascinating cars. Bet you would have loved seeing them.

Mom, Pop, Heidi and I are watching "My Three Sons" & waiting for "Hazel" to come on later. We don't watch TV too much any more. Bet you don't watch TV at all, huh?

Have you heard from Aunt Eleanor or Joey? Mom did not long ago - Guess they're OK. What gals!

Well - I owe p.c.s of letters - just wanted you to know we were thinking of you -  
be good - Have fun.

Margaret

[My first cousin, Margaret Winter.]

October 25

The first part of this is so old that I should destroy it - but I want to prove that I did think of you.

We got your letter today. Bab - sounds as though it's great at Penn State! You've done so many things that my head spun just reading your letter.

Jermyn has a new Methodist minister who turned out to be an old NYF buddy of mine - so - guess who's being dragged back into all the things she thought she'd gotten out of? Honestly - there's ~~was~~ <sup>a</sup> meeting almost every day. -- Even joined the choir - and I hate to sing in it!

Saw Mr & Mrs Powell last Monday. Our district missionary banquet was at Elm Park. Since I'm district youth president, I had part in the program & had to sit at the speakers table - I was so nervous I couldn't eat.

The Powell sat right in front, so I went  
over to him. Poor guy - I had him  
so confused, he thought I was a Powell  
and 'knew both your aunts'. After  
dinner, Mrs Powell finally got him  
straightened out & all was well!

Liz was home two weeks ago.  
She really loves school - and she  
is very busy, I guess. She'll be  
home again soon. Too bad you're  
not closer so you'd come home too.

Mom called your Mom yesterday.  
All is well, I guess. When do  
they plan to move to the big house?  
Can't wait to see it.

This weekend I'm going to Sky  
Lake for one last fling before winter!  
Hope the weather stays mild. - There's  
nothing like Sky Lake in the freezing  
cold mornings. Prrrrrr!!!

Well lets see - I've been to

I cads of meetings & have seen  
so many people - Only - you don't  
know them, so it would be useless  
to tell about them.

Chuck & I went to Binghamton  
a few weeks on the Penn Can - we  
made it in an hour. Well done, huh?

This has been Hayride season too.  
The Waymart & Pittston NYF's both  
invited Jeanne, Chuck & me on  
their rides. Everytime I put on my  
grey flacks, Hayseed falls out!  
They sure are fun - Last Saturday  
there wasn't ~~any~~ much hay left  
in the wagon - but plenty in  
our lungs! I was invited <sup>to go</sup> on another  
one this weekend, but can't go -  
and there's another one planned  
soon - Hayseed Nattie - That's  
me!!!!

Well - I owe letters to my pretend  
brother at Lackland AFB, to a Puerto Rican  
in the Army, 2 College kids & another  
girl in P.R. - and worst of all -  
that dreaded choir practice is  
tonight so. I guess I'd better close -

Good Grief - Have I written  
6 pages? And you can almost  
read it too - writing on my knee  
& writing fast doesn't help much -

Must go -  
Be good - Hope you get  
Thanksgiving weekend.

I  
Dear Bobby.

I received your letter and was glad to hear from you for a moment a thought you were losing interest.

I went to work today and your Aunt said you sent her a letter. That was very nice.

I came running home from school today to see if I had any mail I hit the step and my mother said I got a letter I ran in a run up the steps went to my room and read it. I came down and all

of a sudden I see another  
letter from Donnie.

I think I endy got  
another boy friend.

I am getting ready to go  
to a Teenage Brush Party.  
All girls are going.

I am very sorry for saying  
what I said about the  
first letter <sup>you</sup> wrote to  
me. Please, Please, Please  
forgive me.

I am using my perfume  
ink pen. Let me know if  
you can smell it?

I am running for secretary  
of the sophomore class. I  
am listening to you. You  
told me to get in some  
activity. I'll let you

II  
know if I win.

I am so ~~good~~ glad you are  
wearing my ring & not  
cheating on me. You don't  
know what a relief it  
is.

I can't wait until  
Christmas comes to go out  
with you if you still  
want me? I hope so.

I never said I hated your  
hair I thought it looked  
cute.

This letter isn't going  
to be long. I mean it  
only two pages I am in sort  
of a hurry but I found time

to write.

I like the oath you  
promised in your letter.  
Please stick it out.

Please excuse the  
writing.

Tell A guess I'll close  
for now. Please doll  
write soon.

I Love You,  
Carol.

P.S. Write soon. I miss  
you. Can't wait to try  
out your ice skating clip  
at your house. Don't  
forget I still love you.
